

Soviet dictator Stalin reportedly said, "It's not who votes that counts, it is who counts the votes." And sadly, that may be the case this year in this election.

For this week's briefing we're going to take a deeper dive into the very insane way that we count our votes and we're going to see some very unusual irregularities that took place.

"I talked to experts in Washington and around the country this morning. And I got to tell you, this is unfortunately the very nightmare that we had warned you about. We've done a lot of shows on Election Integrity. We've done shows on Playing for Keeps and The Memo and others. **The left is out for blood and total victory.**" –Kevin Freeman

Our previous briefings included a White Hat hacker and election integrity expert. It is appropriate to look at this again and understand the vulnerabilities that exist. Is it not about counting all the votes as much as it is verifying the votes. <https://www.economicwarroom.com/myvote>.

We will also review some positives outcomes we are seeing from this election. Your efforts are making a difference!

Your Mission: To recognize the wins the that freedom-loving candidates had in this election vs. what was predicted. Also, to understand the current fight and what must be done. Stand for Liberty, Security, and Values and keep up the good fight.

WARNING: Don't let the media narratives destroy your enthusiasm or the momentum.

Ep. 3-112 (OSINT) Open Sourced Intelligence Briefing. This is a post-election update with Kevin Freeman and Former Congressman Dave Brat.

1. The Election - THE BAD*:

*See [Economic Battle Plan™ 111 Playing for Keeps](#). The Biden campaign is operating under scenario 4 with an expected narrow Biden win. They have a very specific strategy to cement power. If the final votes show a Trump electoral win, they will shift to that approach.

Exhibit 1- Michigan Vote Inconsistencies

On election day, vote count seemed clear that President Trump had a solid victory. But states such as Arizona, Wisconsin, Michigan, and Pennsylvania slow-rolled the count. One example showed in the wee hours of the morning there were 138,339 votes dumped from Detroit area. The count was 138,339 for Biden and ZERO for Trump. That's not statistically possible. Don't be a science denier. That can't happen without fraud. And yet when Matt Walsh asked a simple question on Twitter, you weren't allowed to like or retweet.

There were 138,339 votes added. But Donald Trump doesn't receive one vote. Not one vote? All hundred and thirty-eight thousand, three hundred and thirty-nine votes go to Joe Biden.

THIS DOES NOT EXIST EVER			
	at 90,9%	at 93,8%	increment
Donald J Trump	2.200.902	2.200.902	0
Joe Biden	1.992.356	2.130.695	138.339
Jo Jorgensen	49.198	49.198	0
Howie Hawkins	10.559	10.559	0
Don Blankenship	6.549	6.549	0
total votes	4.261.878	4.400.217	138.339
UNTRUSTABLE			

2. **The Good - There is good news, Don't be surprised and don't be discouraged.**

The LEFT did not fully get what they wanted and expected:

'DUMPSTER FIRE': House Democrats Trade Blame After Tuesday's Damage

..shell shocked Democrat lawmakers, strategist, and aides privately began trying to pin the blame.

Politico – Heather Caygle, Sarah Ferris, Ally Mutnick

- No Blue Wave.
- No Senate control.
- Losses in the House.

This isn't what they had planned. There was no clear Trump repudiation. The forecast "Blue Wave" never appeared. Believe it or not, the results were seen by progressives as very disappointing. Even if Biden were to capture the White House, there would be no popular mandate. In fact, it is safe to assume that at least 99% of Trump voters oppose socialism and radical left policies. We can also assume that, at bare minimum, more than a quarter (probably much more) of Biden voters oppose socialism as well. That means that a clear majority of voters (probably around 75%) believe in liberty!

But we were told that a Blue Wave and clear mandate was coming. All the polls said so. Guess what? They were LYING!!!!

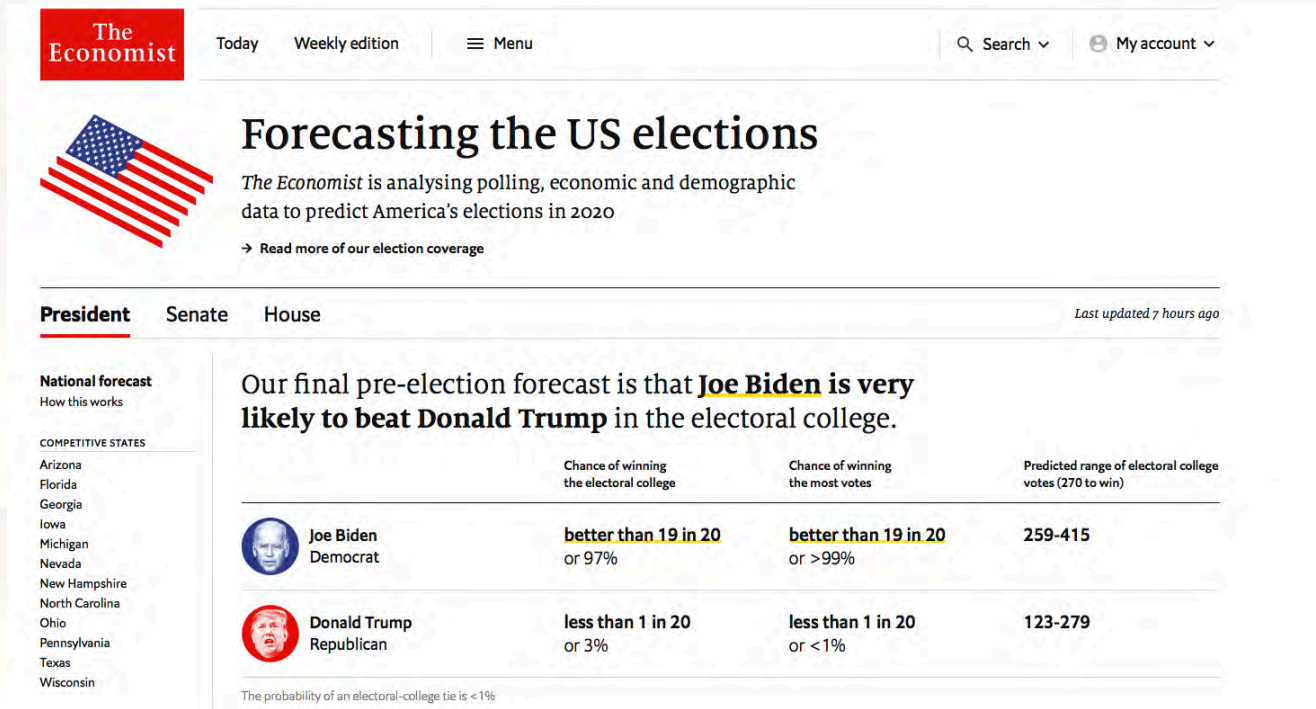

2020 ELECTIONS

'Dumpster fire': House Democrats trade blame after Tuesday's damage

Some in the party questioned the tactics at the top, with several Democrats demanding an overhaul within the DCCC.

Here is an example from The Economist magazine, day of the election. They declared a 97% probability of Biden winning the Electoral College. Even if Biden declares he won, claiming the level of certainty is ridiculous given the results; when the votes are fully counted and the recount and fraud challenges complete, they may be completely wrong.

Our final pre-election forecast is that **Joe Biden is very likely to beat Donald Trump** in the electoral college.

	Chance of winning the electoral college	Chance of winning the most votes	Predicted range of electoral college votes (270 to win)
 Joe Biden Democrat	better than 19 in 20 or 97%	better than 19 in 20 or >99%	259-415
 Donald Trump Republican	less than 1 in 20 or 3%	less than 1 in 20 or <1%	123-279

The probability of an electoral-college tie is <1%

Why was the media so universally "in the tank" with their polls showing a runaway Biden win? Two possible reasons. 1) They were attempting to discourage the Trump voters or 2) They were setting the stage so that a fraudulent outcome would appear more believable. Neither is good. The media should be honest!

Several things you should know, regardless of how the vote count turns out:

- **There is a serious Biden inquiry yet to come.** [Hunter Biden laptop may have been silenced short term, but it will be far more interesting if he gets into office.]
- **The progressives lost a Supreme Court seat. If the Republicans retain the Senate, there will be no Court Packing.**
- **Voter cheating** we have discussed previously **may be uncovered** since it was so blatant this time.
- If Biden were to win, it is a narrow win forcing Biden to **possibly move to the center?** He will at minimum have an excuse to tamp down the more radical elements in his party for the time being.

IT MAY BE DIFFICULT TO EXPOSE, BUT FOR ONCE WE HAVE A LEADER IN PRESIDENT TRUMP THAT IS WILLING TO FIGHT.

Even the left realizes that the conservatives have scored at least some victory. This from Axios:

A SAFE SANE WAY TO NAVIGATE THE VOTE COUNT - AXIOS

by Jim VandeHei, Mike Allen

“Realize Republicans had a big night. It wasn’t a red wave, but it sure was a better result than virtually any GOP official imagined, especially for the house and Senate... The Media and Twitter don’t understand America writ large. Republican’s resonate in ways – and with the depth and breadth –neither understand.”

3. A look at post-election domestic issues:

- 1. Violence and insurrection/color revolution** – We expect this to continue once the Dems trigger it to happen. Bricks have been placed around the country for riots.
- 2. Election integrity** – Go to <https://www.economicwarroom.com/myvote>. With the Senate holding, there will be no court packing, no extra states created in DC/Puerto Rico, no removal of Electoral College.
- 3. Deep State** – If Trump wins, he will attempt to “clean house.” If Biden wins, he will do his best to cover up the laptop and the spying on the Trump Administration.
- 4. War on free speech by social media** – Twitter/FB/Google have been activists in this election and this will continue under Biden. Big tech will say “you need us to squelch free speech.” They call it “hate speech.”
- 5. Divided America** –We have it now. With a Trump win, the path of patriotism can bring us together. Patriotic teaching will be back in our schools. Initially, things would worsen but economic prosperity and a cleaning out of the radicals will help restore unity. Under Biden, things will worsen but perhaps more slowly at first.
- 6. Nanny state / COVID / future pandemics** – Under Biden COVID will be used as part of a nanny-state progressive takeover of America. Promised lockdowns and mandates will erode freedom in the name of safety.

4. **Highlights of foreign post-election issues:**

1. **National debt** – This will increase regardless who wins. It will have to be addressed or it will destroy our nation.
2. **China** – They are planning a digital currency to replace US dollar. China has great interest in a Biden win.
3. **DC-EP platform, Ant Group, Bitcoin** – The Chinese plan to replace our dollar will have free reign under a coopted Biden administration.
4. **Cyber warfare** – These threats will continue to increase regardless of who wins.
5. **The Space race** – China is racing to beat us in this area. A Biden presidency may not recognize the Threat. Trump better understands the general China threat.
6. **Radical Islam** – It has been silent in the US but ramping up in Europe. The Media does not want you to hear this. A Trump presidency would remain stronger in this regard. Biden would likely go back to denial policies.

“I think it’s important to remember that the same media outlets that were so ready to call Arizona and really the whole election were the same ones that told us that Biden was going to win between 10 and 17 points. The polling that they were producing was so bad, so irrational, so wrong. And yet now they’re telling us it’s all over. Be discouraged. Don’t hang in there, don’t contest, whatever.” –Dave Brat

5. **Solutions**

- **Bring America back together** – Patriotism works and all citizens need to understand that America can be the “shining city on a hill” that blesses the whole world.
- **Patriotic investing** – LSV investing can make a real difference. Polling demonstrates that people prefer a focus on Liberty, Security, and Values over ESG (environmental, social justice, and governance). See episode #108.
- **What will the market look like going forward?** It is essential that you have advisors who understand both the risks and opportunities.
- **Advisor training efforts** – can make a real difference. Nominate your financial advisor at <https://www.economicwarroom.com/advisor>.
- **Be one of the small ships, no matter what** – Do not be discouraged, working together we can make a real difference.

ECONOMIC BATTLE PLAN™

THEIR PLAN IS BEING EXECUTED 3.112

CLEARED FOR RELEASE 11/05/2020 (ECONOMIC BATTLE PLAN™ POINTS:77)

Why You Should Care:

- The Left is out for blood and Total Victory.
- Conservatives have gotten a little soft, it is time to fight as hard as the left.
- We came very close to a one-party state with complete control over America.
- The Constitutional Republic we all live under is at stake.
- This election has proven that the media narratives, pollsters, and big tech are lying to you and part of the deep state agenda.
- Money is flowing for the progressive left causes.
- Inordinate influence is twisting the constitutional system.
- Millions of Americans resisted and helped hold the line. The people can win!

Action Steps:

1. Get **EDUCATED**. Don't swallow the media Kool-Aid. We were told that Joe Biden had a 97% chance of winning the election. Some polls showed him leading by 15-20%.
2. Keep praying. No matter what happens, we need God's help for our nation.

If that nation, against whom I have pronounced, turn from their evil, I will repent of the evil that I thought to do unto them. Jeremiah 18: 8 (KJV)

4. Do not DESPAIR! With God All Things Are Possible.

“Judeo-Christian tradition produced everything good that came after it. It produced the rule of law, gave us Constantine and then gave us Madison, James Madison, the architect of our Constitution. It founded all the great universities that gave us free markets, Adam Smith was in the Protestant camp up in Scotland, made us rich beyond comprehension.

All that came out of the Judeo-Christian tradition, a tradition which today you cannot mention in public or you risk being attacked, losing your job. –Dave Brat

“Christians have gotten a little soft and passive in their teachings lately. But there’s nothing wrong with loving your country and loving your family and aiming your investments to protect the things that you love. Our tradition is a great one. And you’ve done tremendous work setting us up at Liberty University. And I hope everyone does take that practical step because unfortunately, it does take power and resources to win in this very fallen world. And so we need to align trillions of dollars to the good guys and to the good ideas and toward the faith and the church and the investments that follow those values.” –Dave Brat

In the Economic War Room®, we encourage Americans to be the “small ships that make the difference.” You cannot solely rely on the government or the president to solve America’s problems. You have to make a difference. It is up to you to help take our country back and create a voice for economic liberty. [The small ships are based on Churchill’s Operation Dynamo that rescued the British Expeditionary Forces in the Miracle of Dunkirk
