## Attention – Deception and Hypocrisy Alert

Sun Tzu explained, “all warfare is based on deception.” We have foreign enemies and domestic enemies trying to deceive us and the hypocrisy is clear as they wage a war against you and your family. Your briefing this week will expose what is happening and address the tactics Americans can use to defend against these blatant attacks.

One of the most despicable but also diabolically successful men of the 20<sup>th</sup> century was Saul Alinsky, the author of *Rules for Radicals*.

Yes, he dedicated his book to Lucifer. And yes, his work has been used to tear down rather than build up.

But there is a certain effectiveness found in the rules.

**RULE number 4 for example states: “Make the enemy live up to its own book of rules.” Another way to say that is, “Expose their hypocrisy!”**

**Your Mission:** To expose the hypocrisy of the left and those waging Economic Warfare against you and your family.

“For three years on this program, we’ve explained how we are already in an Economic War and the fighting continues to intensify. There really is no aspect of your personal or professional life that is immune at this point.” –Kevin Freeman

Ep. 4-138 [OSINT] Open-Sourced Intelligence Special Report. This is an exclusive Economic War Room® teaching series with Kevin Freeman.

## 1. Exposing the hypocrisy of the left.

"Over about the past year or so, when the pandemic hit home and everything shut down, we've seen the full-throttled Nanny State in all its glory." -Kevin Freeman

### America in 2020-2021

- » We've been told if and when we can leave our homes, whether we can attend church, or even visit a sick friend.
- » We've been told what we are allowed to think and say.

**Control has leapt from public health to politics, and now the marketplace. In fact, it is the marketplace where it blossoms into full-blown Economic Warfare for the purpose of the "collective good."**

The manner of the deception can be exposed as BLATANT HYPOCRISY.

**Hypocrite Defined - The word hypocrite originally comes from a Greek term used for actors wearing masks.**

In this case, it's more of a "do as I say, not as I do" thing.

- » We are constantly being lectured by the progressive left:
  - Wear a mask
  - Everything you do is racist
  - Never question authority
- » All of this is designed to strip you of personal liberty for what they say is the collective good.

WARNING: This is global. The Chinese Communist Party is pushing similar things on their own people and the rest of the world.

The progressive leftists are using the same approach just closer to home. Not only are you shamed, but you are also cut off from social media, denied access to goods and services, and may even be fired UNLESS YOU CONFORM.

## 2. America, it's time to fight back.

The way we fight back is to point out the extraordinary hypocrisy of those who would be our masters. And the hypocrisy is there!

- » Pointing out hypocrisy is one of our most effective weapons.
- » This briefing will provide you plenty of ammunition and action steps you can take.

---

*As mentioned, this is a Saul Alinsky tactic taken straight from Rules for Radicals: "Make the enemy live up to its own book of rules" This is how you can protect yourself from the Economic Attacks they are planning. If we properly shame the hypocrites, they will attack one another and may even retreat.*

---

**We've seen a few examples recently, both of the hypocrisy and the retreat when exposed.**

**Case in Point #1 was the mass furor over Georgia's attempt to secure their elections.**

**Asking Georgia Voters to produce an ID? How dare they!**

- » The big issue was the audacity of Georgia asking voters to produce an ID.
- » Coca-Cola, Delta Airlines, Major League Baseball and maybe 100 other companies immediately denounced the state of Georgia as RACIST. Coke and Delta are based there. And MLB was planning the All-Star game there. But in obedience to the WOKE, all three and many others set about trashing Georgia.

**Yet ID's are needed almost everywhere else:**

- » The irony, of course, is that you can't fly on Delta without an ID.
- » You can't even pick up baseball tickets at Will Call without an ID.
- » You can't attend meetings at Coca-Cola headquarters without an ID.
- » The WOKE left wants you to have papers and an ID for just about everything OTHER than voting.

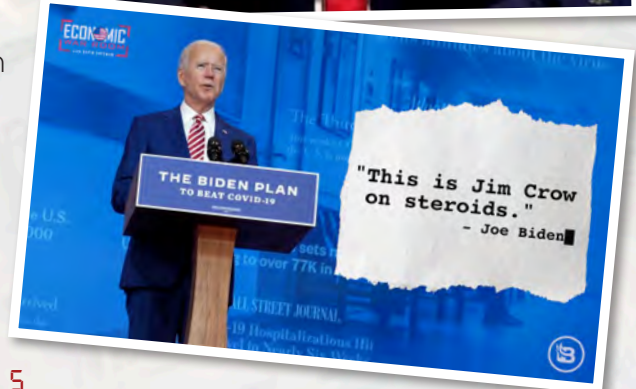

**Case Study: Things that require an ID.**

Washington Examiner listed 24 things that require an ID almost a decade ago and the list continues to lengthen (<https://www.washingtonexaminer.com/24-things-that-require-a-photo-id>). You need an ID to buy stuff, to get a job, to sign up for welfare, to cash a check, to buy alcohol, to rent a house, to rent a car, to adopt a pet, to go fishing or hunting, and even to get medicine. Now, you must show an ID to get a covid vaccine, which they pretty much demand everyone get.

But it's racist to ask for an ID to vote?  
Guess what? **The Lt. Governor of North Carolina thinks it is racist to not ask for an ID.**

- » Basically, it is insulting to claim that American citizens are too stupid to get an ID to vote. And to claim that this is "Jim Crow on steroids" shows just how out of touch and hypocritical Joe Biden really is.

**Exposing the hypocrisy is working! A look at early results:**

- » Coca-Cola has a pretty racist past as does Major League Baseball. MLB literally destroyed the Negro League and only recently recognized the Negro League's incredible contribution to baseball.
- » Fortunately, enough people pointed out the hypocrisy so that more than one-third of coke drinkers said they would either boycott or drink less. And baseball's ratings are starting to collapse.

[https://www.rasmussenreports.com/public\\_content/politics/general\\_politics/april\\_2021/get\\_woke\\_go\\_broke\\_37\\_buying\\_less\\_coke](https://www.rasmussenreports.com/public_content/politics/general_politics/april_2021/get_woke_go_broke_37_buying_less_coke)

<https://thehill.com/blogs/blog-briefing-room/news/548069-poll-mlb-favorability-sinks-among-gop-amid-voting-law>

**The Results:**

**Coke-** Coke backtracked, saying "it's time to find common ground" and Bank of America even sort of apologized. It seems that threatening to hit them in the wallet combined with pointing out their hypocrisy made a difference.

<https://www.washingtonexaminer.com/news/coca-cola-says-time-find-common-ground-voting-measures-pressure-from-right>

<https://nationalcenter.org/ncppr/2021/04/20/bank-of-america-coca-cola-backpedal-from-georgia-election-law-criticism/>

**MLB-** As for Major League Baseball, the shame will grow that they left racially diversified Atlanta to move to the suburbs of mostly white Denver to protest racism costing jobs for thousands of minorities. Really MLB?

<https://denver.cbslocal.com/2021/04/22/ted-cruz-mlb-all-star-game-coors-field/>

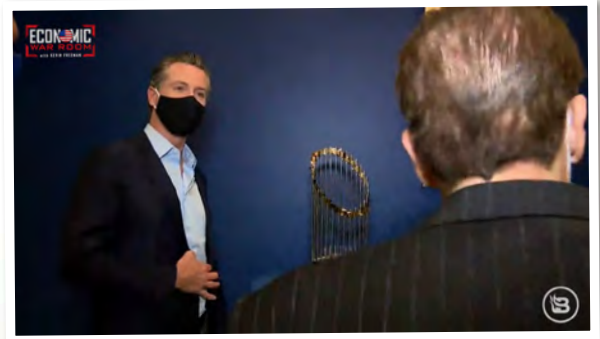

**The bottom line is this: **Pointing out hypocrisy works!** This really is a powerful weapon and one we must start using!** This is how we can flip the narrative and defend America.

**3. Exposing hypocrisy is extremely effective.**

**This one of our greatest "pushback" weapons to fight tyranny. That's because those who seize power often do so by lecturing the rest of us. Yet, those same cronies get caught doing the very things they tell us not to do.**

**Governor Newsome** – Case in point from California.

- » Citizens caught Governor Newsome breaking his own draconian COVID lock-down orders to eat at fancy restaurants.
- » They weren't allowed to eat out, but he sure did, flagrantly violating his own rules. Now they have gathered enough signatures to recall him!

**The Cuomo Brothers** in New York – Both have both been outed as hypocrites.

- » CNN's Chris Cuomo violated quarantine when he was sick despite lecturing the rest of us.
- » And "me too" Andrew is in hot water over sexual harassment accusations and the way he handled the pandemic.

At one point, the far left held Gov. Andrew Cuomo up as a model and there was talk that he would run for president. Now even communist New York Mayor Bill de Blasio is calling for Governor Cuomo to resign in disgrace.

**What happened? The hypocrisy was exposed. This really is a powerful weapon and one we must start using!**

**4. The Achilles Heel of communism is that the people in power aren't any good at sharing.**

**The Politburo in the Soviet Union lived lavishly while the rest of the people struggled.**  
That is true every time!

**Hugo Chavez** promised prosperity to the people through communism. He started as the son of poor schoolteachers. He promised to use socialism to spread the wealth of his country to all citizens.

- » What happened? Venezuela, once one of the wealthiest nations in the world now is among the poorest. The Venezuelan currency is worth less than toilet paper. Hyperinflation has destroyed any semblance of prosperity.

» But one interesting thing. When Chavez, the man of the people, died, he left a multi-billion-dollar inheritance to his daughter, Maria Gabriela Chavez, now among the wealthiest women in the world. She has an estimated \$4 billion in cash plus all her investments. <https://www.dailymail.co.uk/news/article-3192933/Hugo-Chavez-s-ambassador-daughter-Venezuela-s-richest-woman-according-new-report.html>

» Another Chavez associate, Alejandro Andrade, Venezuela's former Treasury minister reportedly had \$11.2 billion in Swiss bank accounts. Who knew communism paid so well?

It truly is like George Orwell's *Animal Farm*. "All animals are equal. Just some animals are more equal than others."

**ALERT: Watch out for those politicians who promise to spread the wealth and yet somehow become very wealthy as "public servants" on modest salaries while in office.**

**Some Examples:**

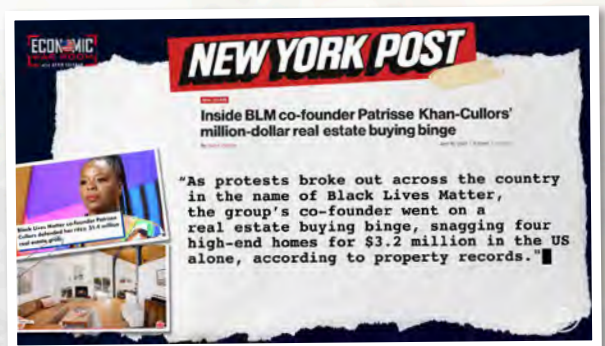

» **Look at the Clintons, the Bidens, Pelosi, Schumer, Harry Reid and others in DC.**

» **Black Lives Matters:** We have the story of the Black Lives Matter Founder buying millions of dollars in lavish homes and property.

From the NY Post on April 10:

» "As [protests broke out across the country](#) in the [name of Black Lives Matter](#), the group's co-founder went on a real estate buying binge, snagging four high-end homes for \$3.2 million in the US alone, according to property records.

» Patrisse Khan-Cullors, 37, also eyed property in the Bahamas at an ultra-exclusive resort where Justin Timberlake and Tiger Woods both have homes, The Post has learned. Luxury apartments and townhouses at the beachfront Albany resort outside Nassau are priced between \$5 million and \$20 million, according to a local agent." <https://nypost.com/2021/04/10/inside-blm-co-founder-patrisse-khan-cullors-real-estate-buying-binge/>

- » **Hunter Biden** - The Hypocrisy of the Left and the Hunter Biden Laptop.
  - We can expose the hypocrisy of the left that would lie to us about Hunter Biden, cover up what appears to be truly criminal activity, and then promote him on talk shows as some kind of hero. It's blatantly in your face and the American people should not put up with it.
  - Hunter Biden has become wealthy trading on his family name, working in Ukraine and China. At the same time, his father is making promises to "spread the wealth" in the United States. How is that different from Hugo Chavez and his daughter Maria?

**5. Other forms of hypocrisy** – Look to the media itself, it is filled with hypocrisy.

- » There's a huge scandal where former Secretary of State **John Kerry**, now Biden's Covid Czar, reportedly shared Israeli intelligence with Iran. We learned that from leaked audio of a private conversation with Iran's foreign minister.
- » Yet the media has been relatively silent. If this had been a Trump administration official, CNN would have wall-to-wall coverage and call for punishment.
- » **Al Gore** - Never forget former Vice President Al Gore who regularly lectures us on Climate Change yet has one of the largest carbon footprints in the entire country. He lives a lavish lifestyle, burns a lot of energy, and is super wealthy but the media looks the other way.

<https://www.dailysignal.com/2017/08/15/al-gores-carbon-footprint-hypocrisy/>

**6. Perhaps the biggest Hypocrisy of all is ESG and Communist China!**

**This could be the most egregious example of hypocrisy and one we must face right now:**

- » You know all those woke companies telling Georgia not to be racist by asking for a voter ID? Guess what, they are doing business with Communist China.
- » The reason that so many companies have suddenly gone "woke" is directly tied to the ESG movement. You see, corporations are given ESG ratings, and they are trying to improve their scores.

- » They want to tell America how good their record is on Environment, Social Justice, and Governance.

### But just how good is China in those areas of ESG?

- » In terms of **Environment**,
  - China is among the worst polluters on the planet. In addition, they regularly push for exemptions for themselves in all those big climate meetings. They are burning coal at a very rapid pace.
- » In terms of **Social Justice**, the Chinese Communist Party is extremely repressive.
  - They are persecuting Christians and closing churches.
  - The Chinese Communist Party is even worse for Muslims and other religious minorities. They are literally allowing the harvesting of human organs from live prisoners. They keep these prisoners alive long enough to extract as many organs as possible. This is worse than Hitler's gas chamber!
  - Beyond that, the repression for all Chinese citizens is intolerable. China is not pro-choice, for example, having a long history of forced abortions from their one-child and later two-child policy.
  - Everything is monitored and controlled. If you live in China, whether you are allowed to buy or sell, travel, or attend school is based on a "social credit score." They watch everyone all the time and simply crossing the street the wrong way can get you in trouble.
- » A look at **Governance "G"**
  - The reality is that the corporation is not designed to serve its shareholders or even its customers. The purpose of the corporation is to serve the Chinese Communist Party. Jack Ma of Alibaba learned this recently when he stepped out of line.

**NOTE: If most Chinese investments were graded on a fair ESG scale, they would fail.**

## 7. Why is Larry Fink investing in China?

**So why is Larry Fink of Blackrock, the true ESG leader so excited about investing in China? Why is the Biden Administration allowing so many Chinese companies to come into American markets?**

**There is a two-word answer: **Blatant Hypocrisy.****

- » This is where the rubber meets the road. Companies want to tell you how “woke” they are even as they do business with the Chinese regime. WHY?
- » The answer: It’s all about the Dollars \$\$\$!

Remember how LeBron James lectured America for repressing minorities? Laudable, right? But then Darryl Mosley, an assistant coach with the NBA tries to stand up for the repressed people of Hong Kong and LeBron tells him to sit down and shut up so he doesn’t slow the money train from China. That was a couple of years ago and it has only gotten worse!

## 8. Next, let’s look at how Woke companies are treated in China.

Companies are applauded for being woke in America. But don’t try to apply that standard to China.

### **Case Study: H&M in China**

Case in point is H&M, the clothing retailer. H&M is a Swedish company and one of the largest retailers in the world. **They recently took the commendable stance of refusing cotton produced by slave labor. Now that’s admirable.**

In fact, it is the kind of WOKE that we can get behind! It’s bad for humanity to use slave labor and H&M doesn’t want their brand associated with it.

- » This isn't trivial. If you buy cotton produced by slave labor, you are literally funding slavery.
- » And the whole notion of cotton picking stirs up very painful images from American history.
- » So good for them! H&M is taking a righteous position with real teeth. This is far more important than Coke lecturing Georgia about requiring an ID to vote. This is truly taking a moral stand.
- » H&M cancelled the contracts and informed the world they would no longer support slavery. Everyone applauded right?

**WRONG!** The problem is that it was a Chinese company supplying the cotton. And the Chinese government put out the word that H&M was causing problems. China does not allow WOKE unless it suits their interests.

From the New York Times from March 29th:

*"The Communist Party's youth wing denounced H&M on social media and posted an archival photo of slaves on a Mississippi cotton plantation. Official news outlets piled on with [their own indignant memes](#) and hashtags. Patriotic web users carried the message across far and varied corners of the Chinese internet. The crisis the apparel brands now face is familiar to many foreign businesses in China. The Communist Party for years has used the country's giant consumer market to force international companies to march in step with its political sensibilities, or at least not to contest them openly. But the latest episode has illustrated the Chinese government's growing skill at whipping up storms of patriotic anger to punish companies that violate this pact."*

**In Summary: a respected retailer decides not to use slave labor and the youth of the country denounce them for that. It's the total opposite of what you might expect. But that's the point. China is a communist nation, and the people are forced to follow what the government says. There is no free speech.**

## 9. Now, China's way of punishing dissenting speech is hitting close to home in America!

**ATTENTION:** Look at the case study above, does it not remind you of where this nation is heading? If not, Try saying "masks don't work," or "you believe there was fraud in the 2020 election."

Why do you think Coke claims voter IDs are racist?

- » It's not because they are truly woke. It is because they believe this is what the Administration wants. This is virtue signaling. After all, President Biden said the Georgia election law was "Jim Crow on steroids" and Coke followed just like Delta and 100 other major corporations.
- » And the scary thing is that if we allow the Democrats to set all the voting rules and speech rules, we will be exactly where China is today, literally the opposite of caring about people. Instead, we will be mandating behavior that suits the government even if it means supporting slavery.  
<https://www.njherald.com/story/opinion/2021/04/12/georgia-voting-law-jim-crow-steroids-come-on-man-michael-reagan/7186129002/>
- » Big business and big government together cramming down on the little people. Truly a nightmare in China and already beginning to happen here.
- » For the retailer H&M, they don't quite know what to do. The taxis would no longer take people to their stores. Building owners were evicting them. Their apps no longer ran on Chinese phones. They had been cancelled because they cared enough to not support slavery.

Wake Up you WOKE people! This is what will happen here if we don't stand up now!

**WARNING:** "If one party gets complete control of our election process, liberty and democracy are over. Look at the single-party cities in America like Chicago and Detroit. Are they corruption free? Do they take care of the people or do those in charge enrich themselves? The answer is self-evident." -Kevin Freeman

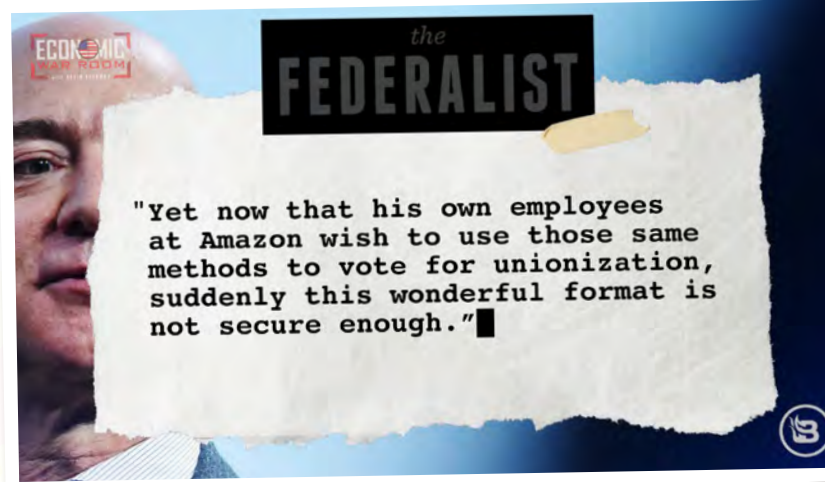

**CASE STUDY** - Amazon and elections

Even progressive liberals understand what happens if you lose election integrity. Case in point is Amazon and Jeff Bezos.

From the Federalist:

<https://thefederalist.com/2021/02/02/jeff-bezos-loved-mail-in-voting-for-the-2020-election-but-not-for-amazon-unionization-efforts/>

*"Between his two major companies, Amazon and the Washington Post, Jeff Bezos does not hold consistent views on mail-in voting. When it could assist his preferred presidential candidate in reaching the White House, it was safe, and any questions to the contrary were mere attempts to undermine democracy. Yet now that his own employees at Amazon wish to use those same methods to vote for unionization, suddenly this wonderful format is not secure enough."*

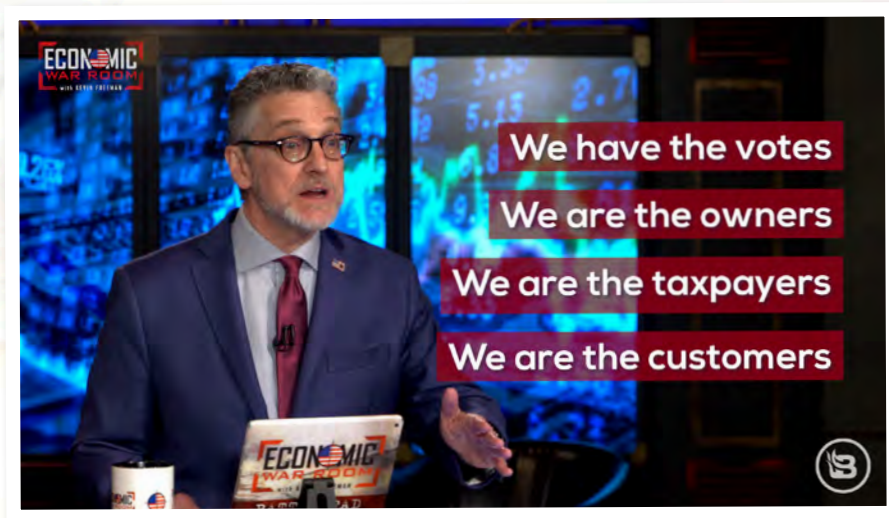

Go ahead, call it what it is. Tell others this is Blatant Hypocrisy!

- » What happened? Amazon workers had to vote in person or at a company monitored drop box. According to the company, the Union was rejected.
- » But wait! According to the Union, there were multiple irregularities that must be investigated. <https://www.voanews.com/economy-business/unions-evidence-could-be-grounds-overturning-amazon-vote-labor-board-says>
  - This is actually getting pretty delicious. It looks like Jeff Bezos only cares about election integrity when it is to his benefit. Mail-in ballots are good unless the vote might hurt your position.
  - And what about those election irregularities? The progressives all of a sudden believe that voter intimidation and fraud is real? Catch the huge double standard? It's hypocrisy all the way around.

**10. The bottom line is that progressives have fixed the game and are in control. Who loses? WE THE PEOPLE!**

We are being led down the path of socialism by our own government that we pay for with our taxes. Also, the big corporations that we own through the stock market and support with our spending.

- » According to the Constitution, WE THE PEOPLE are the sovereign! This is our country.
- » And yet a handful of people are threatening to take permanent control and kick the rest of us to the curb.
- » They are **Blatant Hypocrites** and its time we expose them.

Now you may be thinking, "What difference can my small portfolio make?" That's what Wall Street wants to program into you. "Just go along. You have no choice."

The reality is that:

**#1. It is your money. Don't let Wall Street bully you.**

**#2. There are more of us than there are of them.**

When you take into account that the older generations tend to be more conservative and the older generations tend to have the most money, it becomes apparent that our economic power is real.

PAGE 15

- Sure, an 18-year-old has the same vote as you. But does that teenager have the same investment portfolio? No way! And if we band together, we have a very loud voice!

### Part of the Solution!

The Economic War Room® training plans to educate 10,000 financial advisors over the next several years. They could represent as much as \$1 trillion of investable capital! That's enough money to change the trajectory of America! That is why we developed the NSIC Institute. To serve clients who believe in the future of liberty and this great nation. NSIC stands for National Security Investment Consultant. We believe our money should be weaponized to preserve our **Liberty, Security, and Values.**

Once advisors complete our training course, they can join the Institute and work with other like-minded advisors to find new and better solutions for you. This is truly revolutionary stuff. It is how we win the Economic War already underway.

We've teamed with top experts in multiple fields to get this launched. And it hasn't been easy, especially with the backdrop of a pandemic, social media wars, and a contentious election. But we are finally nearing the launch. Don't forget to nominate your financial advisor at [EconomicWarRoom.com/advisor](https://EconomicWarRoom.com/advisor). This training is offered by invitation only so nominating your advisor is the first step.

---

## Why You Should Care:

- » An Economic War is being waged on you and your family.
- » There is a way to fight back by exposing the hypocrisy.
- » Progressives are in control and we are headed toward communism.
- » WE THE PEOPLE are sovereign.
- » Free speech is under attack.
- » Election Integrity is at risk.
- » Corporate Tyranny is underway.

## Action Steps:

- 1. GET good sources for factual information.** Don't buy the lies being sold to you whether from the New York Times, the Washington Post, 60 Minutes, or CNN. The mainstream media has an agenda, and it is NOT to help you. Study after study has demonstrated extreme bias. For example, they all chose to ignore the truth about the Hunter Biden Laptop. That's why you must turn to BlazeTV and The Economic War Room among others.
- 2. Recognize that any so-called news allowed on Facebook and Twitter has been "sanitized for your protection."** They use biased "fact checkers" to remove any content contrary to the official government narrative.
- 3. Get up to speed on the Corporate Tyranny** already underway, Kevin Freeman is part of a team that is leading an effort to make a difference by helping American companies to get back to neutral. They launched a website with the address: [StopCorporateTyranny.org](http://StopCorporateTyranny.org). That's a place where you can get updated information on the problem and also take action on the solution. You can make the hypocrisy known.
- 4. You must weaponize your money BEFORE it is too late.** You control your giving, spending, and investing.
  - » **Giving** is easy. Don't give to dumb causes.
  - » **Spending** is a little bit harder.
    - You may like Coke or H&M. That's OK but be sure to make your voice heard if you buy their products. In the case of Coke, let every retailer and restaurant you encounter know you want Coke to stay out of politics. Be vocal. If 7/11 hears from enough people, they will tell Coke. And it can make a difference. You can even write letters.
    - If they won't listen, then you may want to boycott.
    - With H&M, you could do the opposite. Tell them you are proud they stood up for liberty. Slave labor is never acceptable. Consider buying H&M products.
  - » **Investing**, we suggest you get a like-minded financial advisor. We've done surveys and a clear majority of investors want an advisor who matches with their political and cultural beliefs. Unfortunately, Wall Street is pushing for you to just take what they offer and then sets about to force a leftist agenda on you.
    - "If your advisor isn't willing to match your investments with your values, send them to us for training and education. If they won't do that, I can promise you that there are lots of advisors looking for new clients." –Kevin Freeman
