

Who Was Karl Marx?

The economic war continues across America. The Democrat Party, along with big tech, is censoring and vilifying political enemies even going against people's livelihood if they do not comply.

Our cities have changed. We are seeing continuing, rioting, and destruction all while leaders seem to have taken a hands-off approach and are even restraining the police response.

Jim Simpson is in the Economic War Room® to discuss how we got to this point and share his research highlights from his latest book, ***Who Was Karl Marx? The Men, the Motives and the Menace Behind Today's Rampaging American Left.***

Your Mission: To understand the real Karl Marx and how this dead reprobate is lionized by those who hate America. Also, to recognize the left's crisis strategy being waged against America plus how to stand against it!

"I've studied communism for 30 years. really. I became interested when I was a grad student and then as an economic instructor because it fascinated me that this was so interesting to so many people. Yet at the same time, it was obviously an absurdly ridiculous economic theory. And in practice, it caused the deaths of more people in times of peace than had died in all the histories of war combined. So why did so many people push it? Why do they continue to push it? Why are our college kids all 'woke' and excited about a socialist future?"

Well, for two reasons. For the anointed, for those who understand it, communism is a vehicle, the most effective vehicle ever devised by man, for delivering its practitioners into positions of power and absolute power and wealth. It's a perfect setup for a new style mafia." –James Simpson

Ep. 4-158 (OSINT) Open-Sourced Intelligence Report. This includes highlights and discussions with Kevin Freeman and Jim Simpson. James Simpson is an investigative journalist, businessman and former economist and budget examiner for the White House Office of Management and Budget (OMB).

Since 1995, he has written non-fiction articles for various periodicals based both on his experiences in government and business, and a longstanding interest in public policy.

Mr. Simpson is best known for his exposé on the Cloward-Piven Strategy of Manufactured Crisis. His work provided background for Glenn Beck's TV series on the subject. He is featured in Curtis Bowers' award-winning documentary "AGENDA: Grinding America Down" and is a frequent guest on radio talk shows.

1. The Cloward-Piven Democrat political tactics are in full force today.

The Cloward-Piven plan, is to create crisis and control citizens through socialism and communism.

Alert: The Cloward-Piven strategy envelops everything that the left does. All their strategies in one way or another are incorporated in the Cloward-Piven Strategy.

Cloward-Piven Strategy is being executed perfectly.

"It's called the crisis strategy, and it came out of a 1966 article they wrote for the nation magazine called *The Weight of the Poor*, where they described how they would collapse our system by packing the welfare rolls with so many beneficiaries that the government would simply collapse under its own weight." –James Simpson

Note: Today, with millions of Illegal immigrants crossing our border, it seems like perfect execution.

Through the collapse of the system, they would then propose socialism, making things even worse for all but the elite few that have the power.

It has happened before:

The Housing Crisis - Cloward Piven Strategies have been applied to the housing crisis.

- » The Clinton Administration used it with Andrew Cuomo as Housing Secretary.
- » The Government Sponsored Enterprise (GSE), run by Franklin Raines applied it.

Frank Raines is an American business executive. He is the former chairman and chief executive officer of the Federal National Mortgage Association, commonly known as [Fannie Mae](#), who served as White House budget director under President Bill Clinton. His role leading Fannie Mae has come under scrutiny. He has been called one of the "25 People to Blame for the Financial Crisis" according to [Time](#) magazine. * Source: *Wikipedia

All these people were deliberate in the explosion of housing prices followed by the 2008 financial meltdown.

Today, it is immigration:

Massive illegal immigration is clearly a crisis strategy and an easy way to see how they can overwhelm the system.

- » The Biden administration is bringing in millions of people at once.
- » These millions will need food, education, healthcare, schooling. Most do not speak English requiring more school resources.
- » Rather than a melting pot creating one America., the Democrats want a permanent majority for the future that ensures they control the system.

"The endgame, then, is socialism, and the purpose of socialism is communism." –Kevin Freeman

2. While disguised initially as equity, it is really about socialism/ communism and creating power and wealth for a new type of mafia elites.

It is the most effective vehicle ever devised by man for delivering its practitioners into positions of power, absolute power and wealth. It's a perfect setup for a new style mafia.

"I've studied communism for 30 years. I became interested in that when I was a grad student and then as an economic instructor because it fascinated me that this was so interesting to so many people. Yet at the same time, it was obviously an absurdly ridiculous economic theory. And in practice, it caused the deaths of more people in times of peace than had died in all the histories of war combined." –James Simpson

WARNING: "It's a bunch of very greedy, parasitic evil, completely amoral people willing to do anything to seize power and the wealth that goes with it. And you can see the results for those people all over the country."

Lessons in History

The Communist Party is an international criminal cartel. As proof, look at the Chinese Communist Party.

Look at the Chinese communists, the North Korean Communists, Vladimir Putin, you look at the Castro brothers, they're all the same.

- » They own their entire countries. And they live in absolute splendor, taking everything that they could possibly desire in terms of material well-being.
- » But everybody else suffers for it.
- » Socialism/Communism is a gruesome system that only spawns the very worst of humankind.

"Communism is the evolutionary endpoint to human depravity." –James Simpson

3. Who is Karl Marx? – The truth will scare even most of the communist followers (except for the few that already know the end game and have positioned themselves for power).

Karl Marx was a greedy, selfish, spoiled brat who abused his own family and thought he was equal to God.

Marx - The Public Persona:

He is made out to be almost this mythical figure with absolute brilliance, insight around the solutions for all the world's problems.

The Reality:

Marx was a greedy, selfish, and spoiled brat. He was the rich son of a wealthy German lawyer. Simpson dives deeper into his biography and lifestyle below:

- » He cared nothing for anybody else except himself.
- » He had contempt for everybody around him.
- » He was viciously prejudiced against blacks. He favored slavery.
- » He called the proletariat whose Communist Manifesto was supposed to deliver freedom. He called them "stupid boys" and "rogues' asses."
- » All the people around him said that Marx was just a man filled with hate, filled with rage towards everything.

Karl Marx-The family man? Not the compassionate and caring type many followers expect.

- » Two of his daughters and one son-in-law committed suicide.
- » Three of his young children died of malnutrition.
- » His mother begged him weekly to change his underwear. He never did.
- » His wife left him twice and came back twice for unknown reasons.
- » She was running around trying to find a coffin to bury one of their children in. The reason? Marx had spent all their money and he was penniless.

While they had nothing, he felt it was important to keep the perception of success even over the needs of his family.

He employed a secretary who was described by one writer as, "Loutish, libidinous, and otherwise useless for the sole purpose of keeping up appearances, He felt it was important for a man of his stature to keep up appearances while his wife was running around trying to raise up enough money to buy a coffin for one of their dead children." –Jim Simpson

Concern for his relatives? Only if they had money.

- » He spent the rest of his life, hovering over ailing relatives waiting for them to die so he could find out what was in the will for him.
- » He would write letters to his partner in crime, Friedrich Engels, telling him about the latest death and how much he might get out of the will.

IMPORTANT- This above information is all public record. History that anybody can find, and Jim Simpson has endless citations in his book to prove it. You can get the book here at crisisnow.net. *Who Was Karl Marx? The Men, the Motives and the Menace Behind Today's Rampaging American Left.*

4. Karl Marx the Atheist or Satanist?

There are two schools of thought, neither are good. More about Karl Marx's background based on Simpson's research.

Background and education can make a difference.

- » **Marx's** father had Jewish heritage. But in Lutheran Germany, Jews couldn't practice their professions. So, his father became a Lutheran, and he raised Karl Marx as a Lutheran.
- » When he was in high school, Marx wrote beautiful Christian poetry.
- » Simpson shared that the poetry was actually well done and good.

After he went to university, he changed. Friends matter.

- » Unfortunately, just like today, he went off to college and came back a totally changed person.

NOTE: Where are you sending your kids to school and what are they being taught?

In college, Marx fell in with a bad crowd. Richard Wurmbrand (martyr and founder of Voice of the Martyrs) wrote a book called *Marx and Satan*.

- » He believes that the first of the people who influenced Marx in college were actually Satanists.
- » Marx himself seemed to reflect that in his latter poetry. Simpson quotes one of Marx's poems where he doesn't reject the presence of God or the existence of God.
- » He says, "I'm going to be equal to God. Oh wow, I am going to be God's equal."

"I think, is a critical distinction because I think really when it comes down to it, this is the old temptation that people have faced since the Garden of Eden. You know, ye shall be as gods, Satan's temptation, and that's what these people see. These people see themselves as human secular gods, replacing God with man as the final arbiter of what should happen in the world. And Whittaker Chambers touches on that also, and I quote him in the book."

—Jim Simpson

- » Many today read and think Marx's end goal was a utopia where men and women love one another and work together as brothers in a communal fashion.

In reality, his ultimate end goal was authoritarian control with him in charge.

5. More about Karl Marx.

He needed and wanted money!

Karl Marx - Not the investment manager you are looking for!

Marx invested money in the stock market and almost always lost. This led some to think he was looking for a better way to make a living for himself.

"I remember my days in college, I had Marxist economic professors. My dad was a stockbroker, and they'd ask me, 'Hey, give me a stock pick.' And I'd answer, 'What? Why do you want a stock pick? You're a communist.' But now I understand they were just following their leader, Karl Marx. And their answer to me was, 'Well, I've got to make a little money, you know, theoretically, I'm a communist, but practically I got to make a little money.'" -Kevin Freeman

- » Marx seemed to always be looking for money.
- » Engels, his political/business partner, stole from his father's petty cash to help support Marx throughout most of his life.

The goal is to burn everything to the ground and destroy Western Society. (Reflection: This seems like the riots last year across America.)

Marx and Engels had two goals:

1. Destruction of Western Society

- The most prominent message that you got Karl Marx, Friedrich Engels, and all the people around them and all the people that followed them was they wanted to absolutely burn everything to the ground.
- Their goal was destruction of Western society entirely.

2. Put themselves in Charge

- **Once the existing order was destroyed, they could rule.**
- That was very sketchily described in the Communist Manifesto and never really developed.

Marx talked about this in the Communist Manifesto. Engels talked about it. Mikhail Bakunin, one of the most well-known anarchists of the day, talked about it. This philosophy is common in any and all of the communists and socialists of the day.

James Simpson identifies other commonalities in the Communist/Marxist movement:

- » They were living fantasies.
- » They were extremely proud.
- » They thought they knew everything.
- » They think they know it all without knowing anything.
- » They think they know so much that they don't even have to check facts.
- » They don't have to consider other thinking because they know it all.

The book, **About Karl Marx**, certainly doesn't matter that it's all factual. It would be irrelevant to them. They know better. They know how to fix it. And that's the great attraction to this type of thinking.

"People who are insecure find this kind of pride bolstering egotistical ideology to be very attractive because it doesn't ask you to do anything except fall in with the crowd and hate everybody else who is unwilling to go along with it." –James Simpson

GEE! That sounds familiar!

6. Why so many young people are deceived with the lies of Communism. Critical Race Theory is only part of the problem.

WARNING: About 1/3rd of younger voters prefer communism over other forms of government and other economic systems.

"I saw *Babylon Bee* where they showed the hammer and the sickle, and the young people respond 'Wait a minute, you mean the hammer actually represents labor? I have to work?'" –Kevin Freeman

Despite communism being a system that was totally failed and completely discredited 30 years ago...

- » It's highly marketed to today's youth.
- » It's got the media behind it.
- » It's got the orchestrated crises identified earlier in this briefing.
- » Now it's got this whole race issue and Critical Race Theory being pushed in schools.

In some cases, for example, school boards, we can vote the bad people off. We can affect changes on what our future students will learn. That's a start.

WARNING: The bottom-line, it's very difficult for us to face a leftist culture. All the various institutions of culture have been effectively infiltrated and captured by the radical left.

7. The Problem: Socialist have infiltrated so many components of our culture that we can no longer penetrate or effectively change.

This creates the need for new parallel society and institutions.

Note: Former Congresswoman Michele Bachmann brought this up (parallel institutions) in last week's briefing, [Economic Battle Plan 157](#).

Simpson recommends in his book we focus on building a parallel society with better alternatives.

The red states are leading the way and it is getting citizen attention in the blue states. Look at the migration rates out of the blue states. There is a reason!

"People are scratching their eyes out to get out of places like California and New York, where they are just led by lunatics, dangerous, destructive lunatics who are getting people killed through their policies, like defunding the police. All the things that Bill de Blasio did in New York City, Cuomo in New York state, Newsome in California, and the riots in Portland, Oregon. They're just nuts, and people are dying to find alternatives."

—Jim Simpson

Simpson shared that Red States like Texas and Florida are showing the way. This is emboldening other leaders to stand for liberty against big-tech, anti-fa, and BLM movements.

We will address new business ideas and solutions on this topic within the NSIC institute. Jim Simpson has agreed to help the NSIC as we equip financial advisors with tools that will allow them to work with their clients on LSV (Liberty, Security and Values) investing. Investments that strengthen liberty and protect our national security and economic infrastructure.

Why You Should Care:

- › The Democrat Left is using a crisis strategy to collapse the US system under its own weight.
- › Illegal immigration is being executed perfectly by the Democrat left.
- › Communism and socialism are really a power and wealth grab for a new type of mafia elites.
- › Young people are being deceived by the lies of communism.
- › The values of Marx himself are despicable, yet he is looked up to by his followers.
- › With a divided US, parallel societies in red states are standing out in a positive way!
- › For socialists, it is about destroying western society and putting themselves in charge.

What we **see** as a **MARKETPLACE**

Action Steps:

1. Learn more about James Simpson and get his new book at crisisnow.net.
2. Or, get Jim Simpsons book, **Who was Karl Marx?** on Amazon <https://www.amazon.com/gp/product/B096TN7FQG/>
3. Share with others who Karl Marx really was and his real goals. Do those supporting this philosophy feel lucky enough to be in charge? If not, watch out!!
4. Be alert to what is happening, recognize the need to create new alternatives to the way things are currently being operated. This could mean creating the need for parallel institutions and societies. Part of making these things happen will be participation in NSIC and weaponizing your money towards what you value. If we stand together, we can make a difference.
5. Weaponize your money toward principles that support Liberty, Security, and Values (LSV). You control your giving, spending, and investing. Nominate your financial advisor to attend our Founders' class coming soon.
 - **Investing**, we suggest you get a like-minded financial advisor. We've done surveys and a clear majority of investors want an advisor who matches with their political and cultural beliefs. Unfortunately, Wall Street is pushing for you to just take what they offer in order to force a leftist agenda on you.
 - o "If your advisor isn't willing to match your investments with your values, send them to us for training and education. If they won't do that, I can promise you that there are lots of other advisors looking for new clients."
-Kevin Freeman
