

## Are You a Target to be on Joe Biden's New Trail of Tears?

**⚠ ATTENTION AMERICA:** Government has been weaponized. President Biden's recent Philadelphia speech signaled a "colour revolution," not in the traditional sense, but a colour revolution, nonetheless.

For your briefing this week Kevin Freeman reflects on his Cherokee Heritage and the parallels he is seeing today between the Trail of Tears of his ancestors and Joe Biden's threatening speech and recent Democrat and government activity.

This exclusive teaching episode reveals the dangerous path America is on and what must be done now to protect America and Liberty.

## 1. Kevin Freeman Shares About His Cherokee Heritage. Is History Repeating Itself?

Kevin recently celebrated [Cherokee National Holiday](#) with his family. The celebration was the anniversary of September 6, 1839, the day the Cherokee Nation's Constitution was signed in Tahlequah, Oklahoma. As he was reflecting on his family's past, it became apparent that a new Trail of Tears is now being constructed.

### Lessons in History – Protecting Culture.

#### The Cherokee Nation Constitution:

It was a momentous day, but it was also sad. You see, it came at the conclusion of what's known as the Trail of Tears, when they forcibly removed the Native American population from the East Coast and forced them into the center of the country, now known as Oklahoma.

They called it "the solution to the Indian problem." 125,000 native people forcibly removed from their home. Now, it went against Supreme Court rulings, but **the US Constitution apparently did not apply to natives, according to President Andrew Jackson, long regarded as the founder of the Democrat Party. He willfully disobeyed a Supreme Court ruling.**

**Andrew Jackson essentially said, "Your bow and arrow cannot match our military might with rifles and cannons."**

- › So, thousands of natives were forced from their homes, and they died from disease or starvation, along 5,000 miles of a forced route covering nine states.
- › Even upon arrival in their new Oklahoma home, the native refugees were soon subjected to forced reeducation.
- › They were told that they must give up their old ways and modernize. They called it "Kill the Indian; Save the Man."

**⚠ WARNING:** A new Trail of Tears has just been laid out. It was Democrat Andrew Jackson in 1830. Now, almost 200 years later, Joe Biden and the Democrat Party are planning another travesty.

This is a Cherokee national flag. It shows the date on here, September 6, 1839. That is the Cherokee National Holiday.

Reflecting on his Cherokee Heritage Kevin reviewed a couple of books, *The History of the Cherokee Indians*, written by Emmett Starr and John Ehle's *Trail of Tears*, *The Rise and Fall of the Cherokee Nation*.

"My family, in this book (*The History of the Cherokee Indians*). You see my great-great-great-grandfather is in this book. Thomas Jefferson 'Oh-kill-tah' McGhee. And his mother would have been a teenager on the Trail of Tears before she gave birth in Oklahoma. My dad's side is riddled with Cherokee. When he looked through the book -- and I gave my dad a copy of this book for his birthday -- he'd go page by page and say, "Oh, I knew that old boy. Oh, your grandfather used to go fishing with him." One line in my family goes all the way back to Sam Houston's Cherokee wife, Tiana Rogers. On my grandma's side, it goes back to the Chief Moytoy who was known as 'the emperor of the Cherokee.' I also have John Ehle's *Trail of Tears* book, and it is a sad story."

**Today, Kevin continues the fight to preserve his family's culture.**

"I'm currently the Speaker of the Cherokee Community of North Texas. That is a local affiliate group from the Cherokee Nation. We're a nonprofit, and we are dedicated to helping the native peoples in our area get good medical care, get good education, have food, help them through disasters. I'm also active in tribal politics. I'm involved in scholarships and medical care, preserving our culture. You know, this is a fight. It's a fight for our lives. We're fighting to preserve our culture."—Kevin Freeman

## 2. Proud to be American:

If there had been no Trail of Tears, Kevin's life would have been very different.

"The good news, I grew up an American citizen. I love the Constitution. I love the constitutional freedoms."—Kevin Freeman

Reflecting on the above, Kevin Freeman compares parallels between what his forebears went through and what we're going through now.

Today there are new ways to make you less than human. This is especially true for those that want to maintain their culture.

**Caution, if you don't go along, you're told to get out!**

Let's review a few examples:

**MARRIAGE IS BETWEEN A MAN AND A WOMAN.**

It was just a few years ago that [Barack Obama as a candidate for president said, "Marriage is between a man and a woman."](#) And the Bible said that for thousands of years. But if you say that now, you can be cast out. That's just one of hundreds of examples.

**ARE YOU REPUBLICAN?- YOU DON'T BELONG IN NEW YORK.**

The governor of New York recently told millions of New Yorkers, "If you're a Republican, you don't belong here. Get out of my state. Get on a bus. Go to Florida."

**ARE YOUR VIEWS DIFFERENT THAN PRESIDENT BIDEN'S? YOU MAY BE A SEMI-FASCIST.**

President Biden marginalized 74 million Trump voters in his recent speech in Philadelphia. He basically said, "MAGA people? You're a bunch of fascists and you don't belong here."

**YOU MAY BE BLACK, BUT NOT IF YOU VOTE THE WRONG WAY.**

Now, it's not the first time Biden said something like that. Remember when he essentially said, "[You ain't black if you don't vote for me.](#)"

**CAUTION: We have an ideological purge underway right now. You're told you must conform even when you know what you believe to be true is different from everything they are telling you that you have to believe.**

**3. Truth is What They Tell You It Is!** If you read George Orwell's book, *1984*, over and over, the state demanded that  $2 + 2 = 5$ .

**Look at today's version of  $2 + 2 = 5$**

- ✓ They're saying a man is a woman or a woman is a man. [And men can get pregnant.](#)
- ✓ Vaccines prevent COVID.
- ✓ Masks work.
- ✓ Lockdowns are effective.
- ✓ And closing schools are absolutely necessary to protect your children's health.
- ✓ Trump colluded with Russia.
- ✓ And the Hunter Biden laptop is Russian disinformation.

Even when the facts or the science demonstrably prove otherwise, you're told you have to conform to the narrative. Sometimes the truth eventually comes out, but there are never apologies. They simply shift the blame.

That's true with school closures, where they said, "Oh yeah, the Republicans forced us to keep the schools closed." Really? I was there. That's not what happened.

**4. A New Trail of Tears, The Parallels in History.**

**⚠ ATTENTION:** In the 1830s, government was weaponized against the Cherokee people and all the natives. This time it's not based on physical characteristics like red skin or racial background. Now, it's purely ideological.

**TODAY YOU HAVE TO THINK THE NEW WAY, OR YOU'RE CAST OUT.**

**PREVIOUSLY:** In the 1830's they wanted to kill the Indian and save the man.

**TODAY:** They want to kill the God fearing, liberty loving constitutionalist who simply wants to raise his family following biblical values taught by his parents and grandparents.

**PREVIOUSLY:** In the 1830's, Kevin Freeman's Ancestors were told, "You don't belong here and don't think of trying to fight. Your bow and arrow are no match for our rifles and cannons."

**TODAY:** The President of the United States says point blank, "You can't fight us, man. You have an AR-15. I've got an F-15." This is the same government that says you don't belong if you don't accept everything we say. Now, they are hiring 87,000 new IRS agents armed as enforcers.

**WARNING:** This is a new Trail of Tears, and it's just beginning.

**PREVIOUSLY:** It was the Indian Removal Act. It was unconstitutional, but who cares?

**TODAY:** It is the Individual Liberty Removal Act. Well, that's not the term they use, but that's the net effect.

**5. ATTENTION AMERICA:** Government has been weaponized. Biden's speech signaled a "colour revolution," not in the traditional sense, but a colour revolution, nonetheless.

If you want to really understand what is going on, and help your friends and neighbors connect the dots, get Kevin Freeman's new book *According to Plan*.

- » *According To Plan* explains what's happening. You go through page by page, and you can read about the very things you're seeing in the headlines and how it's all according to plan.
- » This isn't incompetence. This isn't because they don't know any better. This isn't because Biden is senile (even though he may be) or any of those other things.

**WARNING:** This is a plan. It's purposed and instituted to change America forever. It's called a colour revolution.

"If you get this book and you read it and you share it with your friends, you have a chance to make a very significant difference. Otherwise, we're beginning a new ideological Trail of Tears. That one ended in tragedy and the new one will end in tragedy as well." –Kevin Freeman

## 6. A Personal Note from Kevin Freeman:

*This is a very personal briefing for me. We're watching a tragedy of history begin to unfold. I told you how my ancestors suffered. They went on the Trail of Tears. But now there's a new ideological Trail of Tears emerging. If there was a tragic color motivating the original Trail of Tears, I'd say it'd have to be red, as in red skin. If you were that color, you were less than human and forcibly removed from your home. Now we see a colour revolution underway, and the color here is distinctly red. Most people didn't catch it, and most people ask, "How can this be a revolution when President Biden is in power?" Keep in mind, he's not in power. The Constitution is. He's just acting out his constitutional office. But he's going beyond that. And he had this big speech in Philadelphia with all the symbolism, the red light, the military standing behind. He even that day spoke threats of using an F-15 against the American people. Did you hear him? He said, "You might have an AR-15. I've got an F-15. You can't take on the government." By the way, his threat itself alluded to a violation of the Posse Comitatus Act. The military is not supposed to be used against the American people, and the military is not supposed to be used at political events. But he used the Marine Corps band earlier in the day, and then he had the military standing behind him when he gave a clearly political speech.*

*Everything was planned and staged. No detail from the White House is left unintended. This was purposeful. This is an assault on the Constitution.*

## 7. We are Seeing the Assault on the Constitution!

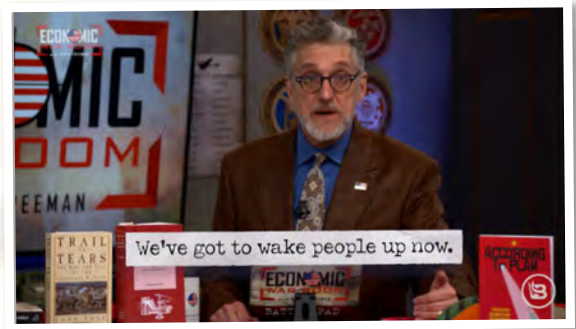

### A quick list in the last two years:

- » The assault on the Constitution began with COVID under vaccine mandates.
- » They've talked about Court Packing.
- » They've talked about changing election laws.

- › Denying parental rights.
- › Demonizing the political opposition.

**They are basically saying, "go along with this plan or get out, or go to a concentration camp."** Now, they don't use the term concentration camp yet, but this is a plan that's been in place since the 1930s starting with the Communists.

Kevin's new book *According to Plan* covers the 45 goals of the Communist Party USA. (Kevin's father was friends with W. Cleon Skousen, the author of *The NAKED COMMUNIST* which first published the Communist Party goals. Kevin Freeman used to participate in conversations on this topic as a High School student.) *The Naked Communist*, outlined 45 goals to change America, and they were put in the Congressional Record in 1963.

IMPORTANT: We have two enemies we are facing today. We have an external enemy and an internal enemy.

**The external enemy is the CCP, aka the Chinese Communist Party (an Orwellian Nightmare).**

There's no question about it. They are the biggest threat that we face, and we cover them a lot in the Economic War Room®. They want to impose an Orwellian nightmare on you and the entire world.

**The Internal Enemy is both Domestic and Foreign (and basically is Aldous Huxley's *Brave New World*).** The internal enemy is a globalist enemy, like the World Economic Forum or the ESG (Environment, Social, Governance) crowd.

"If you haven't read *Brave New World* since High School, go back and look at it. You'll see a lot of what we're facing today from the Democratic Party; the progressive leftists, the Marxists." –Kevin Freeman

**WARNING:** What America is facing with ESG is tough and it will dramatically transform America as we know it.

Environment, social, governance doesn't sound so bad. In fact, everything they're pushing sounds simple, and it sounds sciency, like electric cars. **But they want to demand an all-electric fleet and make it illegal for you to use a gasoline powered car.**

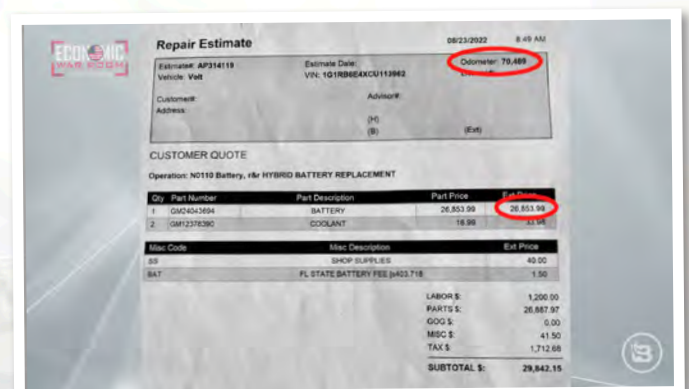

**ALERT:** How could we have only electric cars without allowing for new power plants? Because right now the number of electric cars on the road is taxing the electric grid as it stands. And yet they want everybody to have an electric car and no more gas-powered cars. How can you do that unless you're going to put online new power plants?

Also, what do you do about the mining problems? Lithium and rare earth minerals are really hard to obtain, difficult for the environment to dig up pound after pound so you can make the batteries. And then when you do that, you create an electric car that depends on a certain battery. When that car is eight years old, for example, the battery will cost more than a new car to replace it.

### Need a replacement battery for your electric car? Surprise!!

There are reports on the Internet, look them up. Even Snopes will say it's true. \$30,000 for a Chevy Volt battery and that's a car with 70,000 miles on it. So, you have to replace the battery. <https://futurism.com/the-byte/family-annoyed-battery-costs-more-electric-car> When you can buy an entire new car for \$30,000, why would you pay \$30,000 for just a battery? So, you just throw it away. Is that good for the environment?

<https://www.usatoday.com/story/news/factcheck/2022/08/30/fact-check-dealer-gave-30-000-estimate-replace-volt-battery-electric-car-hybrid/7935230001>

Qty	Part Number	Part Description	Part Price	Est Price

2	GM1237290	COOLANT	78.99	157.98

			GOOD \$	0.00
			MISC \$	41.50
			TAX \$	1,712.68
			<b>SUBTOTAL \$:</b>	<b>29,842.15</b>

**Guess what? - It's not about the environment. It's about control.**

Energy still has to be produced. You still have to produce the electricity. You still have to mine the minerals. The car becomes disposable. How green is that?

## 8. Changing how America Works:

**Everything about this agenda is with an intention to radically change the way America works.**

For example, forgiving student loans. Okay, so you're going to take a bunch of rich people that got to go to college and had all that privilege and maybe even went to a gender studies program. Now we're going to forgive your loan while the plumber or the auto mechanic or all these other people without college degrees, they get nothing. Well, they get to pay the bill through taxes.

- › Letting women compete in men's sports and men compete in women's sports. Why do they do that?
- › Letting six-year-olds undergo massive surgery but calling it gender affirming care. [If you disagree, the AMA will go after you.](#)

In England, they're cracking down on the above while we're doubling down. But in America, you better go along and stay silent, or you'll be forced onto the ideological Trail of Tears.

## 9. WARNING – Today it is “Kill the American and Keep the Communist.”

This is “Kill the American and keep the Communist”. It used to be “Kill the Indian and keep the man.” –Kevin Freeman

And they're getting very close to admitting it, forthright and upfront.

---

Biden's speech was pretty much there. If these forces win the midterms, they will complete the colour revolution.

---

GET THE BOOK ACCORDING TO PLAN:  
See why Communist China and the globalists like George Soros see you as the biggest threat to their agenda.

All of that is happening today is happening according to plan just like Kevin Freeman's new book explains.

- » You'll see chapter after chapter of why Communist China sees America as the biggest threat to their dominance of the world.
- » The CCP is not alone. George Soros himself once said the biggest obstacle to the new world order as he dreams it is The United States of America.

Their target is not the government of the US. It's the people. We the people. That's what the Constitution is. We the people, in order to form a more perfect union...

"They want to strip you from that, just like they did to those who came before me in the Cherokee Nation. They want to take away anyone who believes in America as we do. Now, think about that. Think of how complete that metaphor really is. Because the government came to the Cherokee people and the Choctaw people and all the native peoples in the area. And they said, 'You give up your old ways and you move here, get out and give up your old ways. And we have the force of government to make you do it.'" -Kevin Freeman

**ALERT: Our old ways are things like believing in the Constitution, believing in family values, believing in the God, and going to church, and worshiping. They're telling us now, "You must give up those old ways. Get with the new program or get out."**

**10. There is good news and we have solutions to the problems America is facing.**

How can we push back against the woke Marxism that's trying to put us on the ideological Trail of Tears?

**Lessons In History:**

Cherokee National Holiday is September 6. They made a statement when they signed the Constitution in 1839. We will not disappear. We will maintain our culture. And there's a newspaper, it's been produced on and off since 1828. (<https://www.cherokeephoenix.org/>) The first publication happened right before the Indian Removal Act. But during removal, the military took away the printing press. [https://en.wikipedia.org/wiki/Cherokee\\_Phoenix](https://en.wikipedia.org/wiki/Cherokee_Phoenix) The people brought it back!

**The name of the paper is the Cherokee Phoenix, and it's named that for a reason. They were saying that the Cherokee people can rise from the ashes just like a Phoenix.**

"This paper documents the struggle to maintain our identity, to preserve our language and the old ways. The native peoples, they've been marginalized, deprogrammed. And yet some stand." -Kevin Freeman

**Like the American Indian, it's going to be a struggle for us to keep liberty alive.**

**President Reagan warned us.** "Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected, and handed on to them for them to do the same. Or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free."

**12. A Sneak Preview of the Real Solutions to Stand For and How to Protect Our Liberty.**

**It's time for our own colour revolution!**

We reviewed the colour revolution earlier. It's essentially where a government gets displaced, or a power structure gets displaced, and they use a theme color. The theme color they seem to be using is red, based on Biden's speech, where he's shaking his fist and the red color and all that. Or it may be green, as in the Green New Deal

### **Fly the Flag and Be Proud!**

Instead of Biden's Red or Green, our colors should be Red, White, and Blue!

Fly the flag. Wear a flag pin!

Show that you believe in the Constitution and refuse the Marxist effort to destroy America. Spread the word. We've got to wake people up now. We've got to push hard at the midterms and get people to vote. We must push for accountability.

1. **The first thing is, wave the flag, get patriotic. When people get patriotic, they love America!**
2. **Push accountability. Remember, these people in Congress are not our rulers but public servants.**

"I don't care if they're the Speaker of the House or the Majority Leader in the Senate, or if they're the President or the Vice President. They're not our rulers, not according to the Constitution. It says, We the People are the rulers. They're supposed to be public servants."

Note from Kevin Freeman on the Context of The Pigs reference used in *According to Plan*.

In the book, I call out names and I say, this person is a pig, and this person's a pig, and this person is a pig. **And they're all people who think they're rulers but are supposed to be servants.**

- » I really hesitated. I didn't want to call anybody a "pig" because, number one, I don't like to call people names.
- » Number two, the Bible says, "Don't speak ill of a ruler of your people." I prayed about that, and I really felt led that they're not rulers, they're supposed to be servants.
- » Having said that, I can't think of a more apt description of those abusing our system for their own profit at our expense. The idea of "pigs" is based on the book *Animal Farm*.

3. **It's time to make the government officials serve the people.**

One of the key initiatives we're promoting in the book is the **Serve the People Act**. <https://alignact.com/go/serve-the-people>

- » It states that our politician they must live under the same rules that we do. They don't get special elite privileges.
  - > They will only get a paycheck if they earn it.
  - > They won't be able to vote themselves pay raises.
  - > Their excessive perks will be cut down to size.
  - > They will finally be banned from insider trading.
  - > Their lobbying and fundraising after their terms will be limited.
  - > They will enact common-sense election law reforms.
  - > They will read bills before they vote on them.
  - > and much more!

"We the people are the rightful masters of both Congress and the courts, not to overthrow the Constitution but to overthrow the men who pervert the Constitution." –Abraham Lincoln 16th President of the United States

4. **Weaponize your money. Recognize that there is a whole colour revolution against you -- the whole ideological Trail of Tears starts by using your investment dollars.**

Your money is being used against you through ESG investments and corporate mandates.

As we reviewed in previous episodes, ESG is a farce. It's not good for the environment, it's not good for social, and it's not good for governance. It's all about control!

As you review your investments focus on those that stand for LSV instead. Liberty, Security, and Values. Consider recommending your advisor participate in the NSIC classes we offer through Liberty University.

"I understand you walk into your local office, and you say, 'Hey, Mr. Stockbroker, I want LSV.' He is going to ask, 'What is that?' And you say, I want liberty, security, and values. He's or she is going to say, 'I can offer you ESG.'

If that is the case, recommend they consider getting the National Security Investment Consultant Institute (NSIC) advisor training offered through Liberty University. If they are not interested, it may be time to find another advisor.

The goal is to protect your liberty, your security, and your values. This is not a time to quit. This is a time to act and follow the Constitution.

**Lessons from the Cherokee Nation and Billy Graham - Kevin Freeman shares:**

Authentic Native American war blanket in photo.

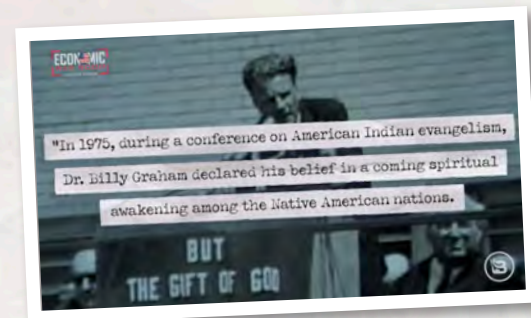

*And in a sense, we're in a war. We're in the Economic War Room®. This blanket was presented to me by Negiel "Skywalker" Big Pond. Negiel led the All Tribes DC gathering in Washington, DC in October 2016. I was honored to be one of the first speakers. Now they had drums and music and dancing and shouting. You know, it was a little too loud for the Obama White House. We were celebrating and it didn't seem that loud to me. **But we got a call over from the Obama White House to the Washington Monument, which is a decent distance away, telling us, "Keep it down, we've heard you're being too loud." Sounded like, "sit down and shut up" to me.***

*There were native peoples from all 50 states there, and every one of them had a story to tell. They were stripped of their land and wealth. Even when they moved to reservations, things were eventually stolen there, too. Yet every one of them loved America because of the Constitution, because in modern times they were allowed to exercise God-given individual liberty. But even that is under a threat right now.*

But here is some encouragement. Quoting from a prayer guide titled *Awaken the Sleeping Giant*:

*"In 1975, during a conference on American Indian evangelism, Dr. Billy Graham declared his belief in a coming spiritual awakening among the Native American nations. He said, 'You're a sleeping giant, the original American. You're now awakening. And just around the corner you may become a spiritual superpower in the country that could change not only America but the world.'"*

The time has come for that almost 50-year-old prophecy to come true. Are you Native American, whether by skin color, by heritage, or simply by ideology?

- » I was born in America, and I believe in America. You've got to stand up now.
- » It's an ideological colour revolution and it's also an economic war being waged against you.
- » This is our land, and we do not plan to leave it or be silenced. We're not the fascists. They are.
- » Look at their imagery. Listen to their rhetoric. We will not go gentle into that good night. We intend to fight for our freedom, to protect it, and to hand it off to the next generation.
- » Don't be cowed into this ideological Trail of Tears. I can promise you it will only end in tragedy.

**ATTENTION: Don't let them ideologically kill the American and save the Marxist. Like the Cherokee and all the Native people, we must preserve our culture, our heritage, and our way of life.**

## Why You Should Care?

- Many of our representatives are serving themselves and not the America.
- Our Constitution is under threat.
- This is an ideological Colour Revolution, This Colour Revolution is against the Constitution and liberty. It is also an Economic War being waged on you.
- This is our land; we need to fight for our freedom. The Globalists and politicians within do not want America to be the land of "We the People" or Liberty.
- It is "Kill the American, Save the Marxist" mentality in media narratives today.
- Freedom is under threat!
- It is time to preserve our culture, our heritage and way of life.
- It is all about control. Climate change is another excuse being used to control.

6. It is time to weaponize your money, see below as it relates to finding an NSIC advisor.

**We are in an economic war, as you seek ways to Weaponize you Money in your Investments, Spending, and Giving, consider an NSIC trained financial advisor.**

Make sure your financial advisor has your values and interest at heart. Make certain they really understand what ESG investments mean for our future. Suggest that they become part of the NSIC institute and nominate them to participate in our online certification at [EconomicWarRoom.com/advisor](https://www.EconomicWarRoom.com/advisor).

Financial Advisors go [www.NSIC.org](http://www.NSIC.org). Be sure to sign up for more information at <https://www.nsic.org/nominate.html>.

**If you do not have a financial advisor**, now is a good time to get one. We will soon publish of NSIC advisors who have participated in the training and elected to become part of the NSIC Institute.

7. Weaponize your money toward principles that support Liberty, Security, and Values (LSV). You control your giving, spending, and investing. Nominate your financial advisor to attend our next class at Liberty University this fall.
- **Investing.** We suggest you get a like-minded financial advisor. We've done surveys and a clear majority of investors want an advisor who matches with their political and cultural beliefs. Unfortunately, Wall Street is pushing for you to just take what they offer in order to force a leftist agenda on you.
    - o "If your advisor isn't willing to match your investments with your values, send them to us for training and education. If they won't do that, I can promise you that there are lots of other advisors looking for new clients."  
-Kevin Freeman
    - o If you are following Economic War Room®, you will be on the leading edge regarding global threats, geopolitical analysis, and how you can weaponize your money to strengthen America. Your money, livelihood, and way of life are at risk and these tools are designed to mobilize America to protect our economic liberty.

In the **Economic War Room®**, we encourage Americans to be the “small ships that make the difference.” You cannot solely rely on the government or the president to solve America’s problems. You have to make a difference. It is up to you to help take our country back and create a voice for economic liberty. [The small ships are based on Churchill’s Operation Dynamo that rescued the British Expeditionary Forces in the Miracle of Dunkirk.
