

The Economic War of the Heart

There are three economic wars underway that Americans are combating every day:

1. The *foreign economic war*, which is being waged against us by China and the axis of evil.
2. The *domestic economic war*, which is funny because it's really about globalists and the elitists and the World Economic Forum, and how they want to subjugate you. But they are using domestic politicians to wage it.
3. The *economic war of the heart*, is the hardest, but it is by far the most important. It'll be the focus of this Economic Battle Plan™ and is literally the hope of America. Our future hinges on winning this war. The story of the Boy King from over 2,600 years ago uncovers the secret to victory.

Your Mission: To acknowledge in your heart that money is not the goal. It's not true treasure. Money is a tool to be used.

- **Get your money moving. Give it, spend it, invest it** in a way that will rebuild liberty, rebuild justice, and bring back prosperity to our nation.
- **Win the economic war of the heart!**

“Our founders were willing to sacrifice their lives, their fortunes, and their sacred honor for liberty. They had the right attitude about money – Money is not that important if you don't have liberty. Having a right attitude about money is the first and most important step in winning the economic war.” —Kevin Freeman, CFA

1. Our Foreign Economic War Against China.

The foreign economic war is obvious. But it has not always been so obvious.

“When I was working at the Pentagon in 2008 through 2010 as a consultant, they told me that China was our friend and banker. Many also claimed that China was more Christian and more capitalist than we were in the U.S. I knew better.” —Kevin Freeman

Be aware, Chinese Intelligence has infiltrated the US! While many are now being exposed, we have only begun to understand the real threat.

- » Senator Dianne Feinstein had a driver who was a Chinese spy.
- » Hunter Biden's secretary, who urged his father, Joe Biden, to run for president, is considered to have ties to the Chinese Communist Party.
- » Congressman Eric Swalwell's relationship with Fang Fang, a suspected Chinese operative.
- » These are not minor details; these are huge violations by our government leaders.

CASE STUDY: DC has been infiltrated with agents not representing America.

Speaking at the Heritage Foundation, Kevin gave a presentation on China's Unrestricted Warfare. Afterward, a woman walked up to Kevin and handed him her card that said, China Studies professor at a major University. Kevin looked at her and said, “You're PLA (China's People's Liberation Army) aren't you?” She smiled back and nodded “Yes.”

When Kevin asked her if she was concerned, he would expose her. She shook her head and said, “no.” He asked, “Why not?” She said, “we own half of DC.”

WARNING: China’s intrusion is not limited to politics.

We have corporate espionage, financial market manipulation, including accessing our capital to pay for China’s weapon’s development.

They’ve gotten special favors from our government leaders; they’ve stolen intellectual property; and they’ve influenced our border policy through cartels and their drugs, like fentanyl.

China has benefited from the foreign economic war, and their economy has been growing exponentially since 1999.

- » In 1999 China’s economy was roughly 1/10th the size of America’s.
- » In just over 20 years, China’s economy has grown from about the size of Italy’s to the second largest in the world.
- » Some say China’s economy is rivaling the American economy.

COVID, another Chinese weapon in the economic war? No Matter how you look at it, COVID was the world’s greatest economic weapon.

“In 2019, China unleashed on the world the greatest economic weapon in history - COVID. If it wasn’t designed as a bioweapon, it certainly functioned as one.” –Kevin Freeman

There’s a new Senate report that does suggest COVID may have leaked from a lab. Regardless of where it came from, it caused incalculable damage to our health, and it divided the U.S.

There are other strategic actions causing the splintering of America.

- » **Remember the Black Lives Matter?**
Riots in the middle of the pandemic? There are reports that China funded a lot of the BLM anarchy.

- » **Remember the economic shutdown?**
It caused massive government debt and inflation. Was it according to plan?

It ties in with one of China's major targets. The American dollar hegemony (dominance).

China wants the American dollar, which is the prominent currency of the world, to end.

The goal is to damage, even destroy, American economic power and replace the dollar with their central bank digital currency (CBDC) known as the digital yuan.

Sadly, Americans are making it easy for China to replace the dollar with our US debt.
Our US debt is a threat to our Security.

Look at the cost of interest alone on our US debt:

We have \$31 trillion in debt right now. In 2008 our debt was \$10 trillion. Last year, the total interest we paid on our debt was "just" 378 billion. That was at a 1.3 percent interest rate.

- » With interest rates are now approaching 5 percent:
 - \$31 trillion dollars in debt suggests approximately \$1.5 trillion dollars that we pay in interest alone!
- » What if interest rates went to 10 percent?
 - We would pay \$3 trillion dollars in interest only.

AT \$3 TRILLION DOLLARS IN INTEREST, THAT'S APPROACHING ALL THE TAX RECEIPTS THE U.S. TAKES IN!

WARNING: We have other foreign enemies as well, and as America is weakened, they become bolder and are setting up new alliances.

2. Our Devious Domestic Enemies – Technocracy, WEF, ESG and More!

Our domestic enemy is equally insidious. They want to replace American exceptionalism and individual liberty with a globalist technocracy.

Technocracy - the control of a society by an elite of technical experts; is undemocratic and disregards the will of the people.

This has been the dream of the elites for decades. We were warned about it in the novels, “1984” and “Brave New World.”

President Eisenhower fervently warned Americans about the dangers of the rising scientific, technological elite. This is from his 1961 farewell address:

“Today, the solitary inventor, tinkerer in his shop has been overshadowed by task forces of scientists and laboratories and testing fields. Partly because of the huge cost involved, a government contract becomes virtually a substitute for intellectual curiosity. While continuing to respect diversity and scientific research, we must also be alert to the equal and opposite danger that public policy could itself become the captive of a scientific, technological elite.” —President Dwight Eisenhower

ATTENTION: Those words were uttered over 60 years ago, eerily foreshadowing the rise of Google, Facebook, Amazon, and Fauci. This is domestic economic warfare!

Also, look at The World Economic Forum’s goal of reshaping global power and control. Their agenda is also being implemented from those within the US.

A Cancel Culture is Being Implemented to Control You!

Economic War Room® has extensively documented the risks of de-banking, canceling, losing your job, or being shunned from society if you disagree on things such as health policy, gender and sexuality.

- » It can take the form of ESG investing.
- » It can break down national barriers.
- » It could also end the use of fossil fuels and control what you’re allowed to own and even what you’re allowed to eat!

The worst part is that you're expected to fund all of this – first with your taxes, but also your investments, your spending, and your charitable donations.

None of the above is what people want!

Like the foreign threat, the ultimate goal is money control.

“Central Bank Digital Currency (CBDC), Biden bucks, a digital dollar. Sometimes the foreign threats work together with the domestic threat. Sometimes they're at odds, but they're always against you. Why? Because you're the only one who can defeat them.” —Kevin Freeman

AN IMPORTANT NOTE WE MUST UNDERSTAND TO WIN THE ECONOMIC WAR AHEAD.

Where's your heart? How do you view money in your life?

It's about having the **right attitude about money.**

Two conflicts with money are playing out between the right and the left for the War of the Heart.

- » The far left understands that if you get power, you get money.
- » Those of us on the right seem to want to get money and hope that we can buy power after we get it.

Key Learning: By the time we get money, we learn we don't own it. It owns us and we become afraid of losing it and start planning for the future on how to keep it.

We have seen this happen repeatedly. Billionaires and millionaires work their whole life to make as much money as they can.

- » They think, “As soon as I get money, I’ll do good with it.”
- » Once they get it, suddenly they start planning on how to keep from losing it.
- » Where do we put it? How can we use it so my kids are taken care of and my grandkids are taken care of? (That’s a good thing. The Bible says that the wealth of the godly is laid up for their children and grandchildren. But not if money becomes an obsession.)

The problem is we begin to put our trust in uncertain riches.

Jesus warned us in Matthew 6:19, “Don’t lay up for yourselves treasures here on earth, where moth and where rust destroy, and thieves break in and steal.”

In modern terms we could say, “Where hackers can break in and hack, or inflation can erode, or it can be put in a bad venture.” Don’t do that! Instead, store for yourselves treasure in heaven where moth and rust cannot destroy, and thieves cannot break in and steal.

The most important step in winning the economic war is having the right attitude about money.

The problem isn’t having money. The problem is money having you. That’s what makes economic warfare effective.

“Our founders were willing to sacrifice their lives, their fortunes, and their sacred honor for liberty. They had the right attitude about money – Money is not that important if you don’t have liberty. Having a right attitude about money is the first and most important step in winning the economic war.” —Kevin Freeman

3. The Economic War of the Heart. This is the Third, and Most Important War America is Facing.

Understand, Money is not the end all and be all.

In Luke 16:11, Jesus said, “If you aren’t faithful with your unrighteous mammon, who will ever trust you with true riches?”

Stop and think about that. This means that money is NOT true riches. And God requires us to be faithful with our money. What does that mean?

Next, look at Luke 16:10, Jesus first said, “If you’re faithful in the small things, I’ll set you over greater things.” Then he said, “If you’re not faithful with your unrighteous money, no one is ever going to trust you with true riches.”

Key Learning: Money should be a small thing.

Money is not evil; it’s a tool.

Money is not evil, but it should be a small thing. 1 Timothy 6:10 is misquoted all the time. The actual verse says, “For the love of money is the root of all sorts of evil.” This verse tells two things:

- » It’s the **love** of money that is the problem, not money itself.
- » Money is **not the root of every** evil. There is evil that happens in this world that has nothing to do with money. But money is the root of **all sorts of evils.**

Treat money as a tool. If you have a rake, a shovel, or a pipe wrench; they’re tools. You don’t love them.

The point is this: Things or tools can be useful, and money is useful. It’s not just dirty green pieces of paper. But it can get in the way of winning the economic war.

Lessons in History: Secrets from the Boy King and Schumpeterian Economics.

The Bible tells about a Boy King named Josiah. He lived about 2,600 years ago. His story provides the secret to winning the economic war.

It begins in 2 Chronicles 34:1: “Josiah was eight years old when he became king, and he reigned 31 years in Jerusalem.”

Josiah’s dad was King Amon who did evil in the sight of the Lord, so his servants killed him. Josiah’s grandfather was Manasseh, who also did evil in the sight of the Lord, according to the abomination of the nations. Manasseh did eventually repent, but his son was already lost by that point.

Josiah’s great grandfather was Hezekiah who was a great king. 2 Chronicles 29 tells us that “Hezekiah did what was right in the sight of the Lord, according to that which his father, David had done.”

- » Hezekiah cleaned up the temple.
- » Hezekiah followed God.
- » God prospered King Hezekiah greatly.
- » He made mistakes but repented and God forgave him.

Verse 32:27 shares that Hezekiah had very great riches and honor and he made for himself treasuries for silver, for gold, for precious stones, for spices, for shields and all kinds of desirable items. (Note: This is the same Hezekiah in chapter 31 who ordered the tithes to be laid up into heaps.)

Hezekiah accumulated wealth and heaped it up in the temple, and that’s where things went off track. Look at 2 Chronicles 31:10-12:

“As Azariah, the chief priest from the House of Zadok, answered him and said, ‘Since the people began to bring the offerings into the House of the Lord, we’ve had enough to eat and have plenty left, for the Lord has blessed His people; and what is left is this great abundance’. Now, Hezekiah commanded them to prepare rooms in the House of the Lord, and they prepared them. Then they faithfully brought in the offerings, the tithes, and the dedicated things.”

The trap of wealth.

Do you see it? It is the act of storing up wealth in the temple. Believe it or not, that was the trap that ensnared Hezekiah's son, Manasseh, and grandson, Amon.

Storing Up Wealth also demonstrates Schumpeterian Economics.

Schumpeterian Economics: Joseph Alois Schumpeter was a German economist who lived from 1883 to 1950. He taught in Europe and eventually at Harvard.

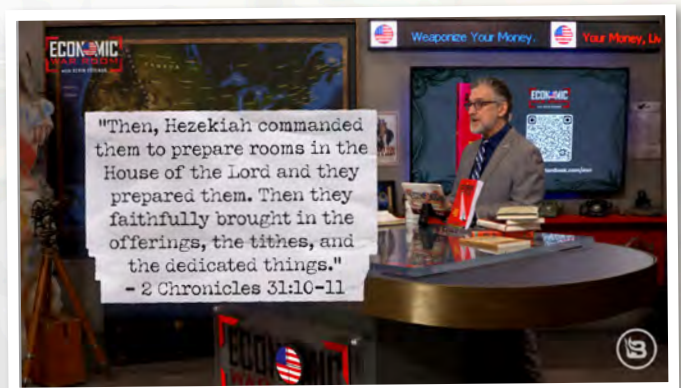

Beware of Economic Creative Destruction.

Schumpeter basically taught the concept of economic creative destruction. He predicted the rise of socialism through corporatism and that it would happen to liberal capitalism and the destruction of entrepreneurs. He talked about economic cycles, about entrepreneurs and the next generation, then the next generation.

Here's how the cycle works:

- » The entrepreneur works hard, makes a lot of money, knows the value of making money, but realizes it's not the end in itself. He wants to do good things with it.
- » The second generation sees the entrepreneur father and mother having worked so hard to build up their wealth, so they still have a respect for it. But they also have a dependence on money rather than their own hard work and ingenuity. The kids get it, but the grandkids don't get it at all.
- » The third generation. Because they have money, they don't need God and they don't need hard work. They're privileged and "know" that they're smarter than everybody else. They think it's all about them.

That's exactly what happened with Hezekiah's family. They had money. Like the rich fool Jesus spoke about in Luke 12, they depended on their wealth. The rich fool was going to tear down his storehouses and build bigger ones.

4. The Overwhelming Sin of America.

We have prospered beyond imagination. We have been blessed with Liberty but it is at risk.

- » The founders were willing to sacrifice anything for liberty.
- » The greatest generation came out of the Depression and fought in World War II, giving up everything to defend liberty.

Today, Americans are so dependent on money, we can be led by the nose and controlled.

- » We're more worried that the value of our 401K might fall if we upset the Chinese than we are about losing our Liberty.
- » We're told by our masters that we can be taken off social media or we might lose our bank account. So we cower in fear.
- » We've become so dependent on our wealth that we've forgotten the meaning of true Liberty.

That's why we call this the Economic War of the Heart. This is where we are in America, and this is the overwhelming sin of our nation.

ATTENTION: We have made money the big thing so we are losing the true riches.

Where is Your Treasure?

Jesus told us that "Where your treasure is there your heart will be also." That's profound.

Here's the problem: Is your treasure in your bank account, the stock market, your 401K?

IMPORTANT: "This is why economic warfare is so effective, because where our treasure is, that's where our heart is. So, anything that attacks our treasure can attack our heart." —Kevin Freeman

5. We CAN Restore America – The Secret from King Josiah.

The Boy King discovered a secret that can work today to restore America. Josiah was just eight years old when he became king.

He did what was right in the sight of the Lord, according to the Bible. At 16, in his eighth year of his reign, Josiah began to seek God.

He tore down false worship. That was important and powerful. In his 18th year of his reign, Josiah decided to restore the true worship of God and rebuild the temple.

The temple basically had become a vault for the kingdom's wealth. It was where Josiah's daddy, granddaddy, and great granddaddy had stored up the money. They treated it like a bank, which meant they didn't trust God, they trusted the money in the temple instead.

Read 2 Chronicles 34:9. It says, "When they came to Hilkiah the high priest, they delivered the money that was brought into the House of God, which the Levites who kept the door..."

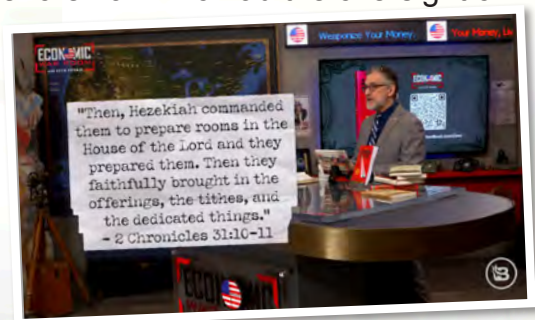

Note: The money was brought into the temple since the time of Hezekiah, the great grandfather of Josiah. The Levites, who were supposed to be priests had become bankers.

Verse 10 continues, "They put it into the hand of the foreman who had the oversight of the House of the Lord, and they gave it to the workman who worked in the House of the Lord to repair and restore the house. They gave it to the craftsmen and builders to buy hewn stone and timber for beams. And the men did work faithfully."

Note: What did they put into the hand of the foreman? The money that had been brought into the temple. In other words, they got the money out of the "bank" and got it moving into the economy. This is so important.

Verse 14 gives us the key phrase: "Now, when they brought out the money that had been brought into the house of the Lord, Hilkiah the priest found the Book of the Law of the Lord given by Moses."

Note: The money that had been brought into the House of the Lord was placed there by Hezekiah. It was essentially a trust fund that his son and his grandson depended on, and it screwed them up. **But when they put the money to work, they actually uncovered true riches – the Word of God.**

Verse 17 says, “And they gathered the money that was brought into the house of the Lord, and they delivered it into the hand of the overseers and the workman.” Note: This is key, they delivered it to the workman!

Let’s continue in verses 18-19, “Then Shaphan the scribe, told the king saying, ‘Hilkiah the priest has given me a book.’ And Shaphan read it before the king. Thus, it happened, when the King heard the words of the law, that he tore his clothes.”

At that moment, Josiah won the economic war of the heart! Josiah realized it wasn’t about money. It was money covering up the true riches. True riches are never money. It’s the Word of God that he found.

And God responded in verses 26-28, “Thus says the Lord God of Israel: ‘Concerning the words which you have heard because your heart was tender, and you humbled yourself before God when you heard His words against this place and against its inhabitants, and you humbled yourself before me, and you tore your clothes and wept before Me, I also have heard you,’ says the Lord. “Surely, I will gather you to your fathers, and you shall be gathered to your grave in peace; and your eyes shall not see all the calamity which I will bring on this place and its inhabitants.”

ATTENTION: This is the King’s secret. The Boy King’s secret. He got the money out of the way, and he found true riches. It’s exactly what Jesus talked about. He said, “If you’re not faithful with your unrighteous mammon, you will not be trusted with true riches.”

“Josiah was faithful. He got the money moving, and when he did so, he uncovered the Word of God that led to repentance and the salvation of his nation.” —Kevin Freeman

We say it all the time. Weaponize your money. Your giving, your spending, investing. Don’t just store it up as if it has value in itself. Money is only valuable if you use it. Josiah put the money into the hands of the workmen for a godly purpose. We saw that in verse 17.

“In economics, there is an essential concept called the **Velocity of Money**. It refers to how fast money moves through an economy. It also explains that an economy dies if money is not moving. If you have no velocity, if it’s just stagnant, the economy collapses.” —Kevin Freeman

6. Biblical Warnings

One warning: Failing to Invest. Put your talents to work.

Jesus told the Parable of the Talents in Luke 19. He said three servants were given money (in those days, Talent was a measure of money, not the ability to sing, dance, or play an instrument). **Two put money to work and were rewarded. The third buried the money and was punished for being wicked and lazy.** His sin was twofold:

- » Trusting in uncertain riches instead of trying to please God.
- » Fearfully storing up treasure rather than getting it moving.

A second warning: Failing to pay when you spend. It's a sin to not pay laborers.

That's explained in James 5 where he's writing to Christians.

James says, "Come now, you rich, weep and howl for your miseries that are coming upon you! Your riches are corrupted, and your garments are moth-eaten. Your gold and silver are corroded, and their corrosion will be a witness against you and will eat your flesh like fire because you have heaped up treasure in the last days".

Notice the language and how it ties into the idea of "Don't store up treasure here on earth where moth and rust destroy."

He goes on and says, "Indeed, the wages of laborers who mowed your fields, which you kept back by fraud, cry out; and the cries of the reapers have reached the ears of the Lord. You have lived on earth in pleasure and luxury; you have fattened your hearts as in a day of slaughter."

Biblical truths straight from Scripture constantly explain the economic war of the heart. That's what was going on in James. That's what was going on in Josiah's time. That's what Jesus warned us about. **Money is not the answer. But having a right heart about money may well be the answer. That's why we call it the economic war of the heart.**

7. If we're going to win this war of the heart, we must do three things:

» **Number one, we've got to stop seeing money as treasure.**

It's a tool. And in an economic war, it's a weapon. We're trying to get you to think about money in a brand-new way. (Well, it's not a new way. It's really the way God intended at the beginning.)

→ So, don't think of money necessarily as something you just keep and heap in your bank account, drawing on it when you need it. Money is not your source of supply or protection.

→ Think about money in a new way. We talk about the Digital Texan, that is Article One, Section 10 money from the Constitution. Think of it as transactional gold and silver. That is a means of using gold and silver and making it functional and useful in an economy. (If you don't know what I'm talking about, go back and watch our episode on the Digital Texan. It is a powerful alternative that we're giving to a monetary system that's grown corrupted.)

» **Number two, get your money moving. Give it. Spend it. Invest it.**

We've talked about 10 different solutions in the Economic War Room. These are ways that we can get your money moving and things that will rebuild liberty, that will rebuild justice, that will bring back prosperity to our nation.

» **Number three, get help. Get an NSIC advisor, National Security Investment Consultant advisor.**

→ If we're going to win the economic war, we're going to need good counsel and good advisors. That's why we're training financial planners, stockbrokers, CPAs, insurance agents at Liberty University Online. You can learn more at www.nsic.org.

→ We are equipping financial advisors to help you win the economic war of the heart, and then the economic domestic war, and then the foreign war. This is your opportunity to make a huge difference.

→ If you have a financial advisor, encourage them to become part of the NSIC, or if it is time to find a new advisor let us know and we will try to find an advisor in your area.

→ Working together, you will learn how to weaponize your giving, your spending, and your investing to save America and protect your family.

The Boy King uncovered this secret 2,600 years ago. Now, it's up to us to use it to save America. We talk about the small ships. You, as an individual, can make a huge difference if we all work together like the small ships of Dunkirk. This is our opportunity.

Why Should You Care?

- » We are engaged in a daunting foreign war, which is against China and the axis of evil.
- » We are also engaged in a menacing domestic war. We talk about the domestic war, which is funny because it's really about globalists and the elitists and the World Economic Forum, and they want to subjugate you.
- » We are also engaged in the haunting economic war of the heart. It is the hardest to win, but it is the most important, and is literally the hope of the US. Our American future hinges on winning this war as does your family. The biblical story of the Boy King over 2,600 years ago uncovers the secret to victory.
- » There is good news, we CAN Restore America if we learn the secret from King Josiah.
- » If we're going to win this war of the heart, we must take action.
