

## ReVersed: From Culturally Woke to Biblically Awake

American culture has been plagued with a Woke virus that threatens to destroy the fabric of our great nation. Globalist elites are wielding this Woke ideology as a weapon against liberty and against the American people. These elites abuse the empathy of many well-meaning people and use it to further their own political agendas and to garner greater political and economic power.

In trying times like these it is essential to remember the words of Hosea 4:6 “My people are destroyed for lack of knowledge.” To be well-versed and knowledgeable on many topics, especially those that threaten your way of life, can be life-saving in times of need. Many enemies pose a threat to the American way of life and you must be prepared.

### In this briefing we will discuss the following:

- » National Sovereignty and the World Health Organization (WHO) Threat
- » Global Authoritarianism
- » Economic and Geopolitical Implications of WHO Takeover

**YOUR MISSION:** Learn about the threat posed by the World Health Organization and other globalists who seek to destroy your liberty

 **ATTENTION:** The World Health Organization could become the first one-world governing body with absolute control over the masses.

## WHY YOU SHOULD CARE

- » The loss of national sovereignty would destroy the American republic, granting foreign bureaucratic control of our nation’s pandemic response.

- » The WHO treaty would open the door for global authoritarianism, stripping you of your rights and enslaving the American people.
- » The WHO treaty would be the beginning of a one-world governing body capable of enforcing laws and policies globally.
- » The WHO would have the ability to define for itself, and the world, all terms related to health crises. Anything could become cause for business shutdowns, lockdowns, travel bans, etc.
- » These policies could have drastic economic consequences for Americans, with lower-income families hit hardest.
- » Geopolitical tensions would rise as world powers fight for control of the WHO which is currently in China's iron grip.

Ep. 8-301 (OSINT) Open-Sourced Intelligence Report. This briefing includes a conversation between Kevin Freeman and Dr. Jim Garlow. Jim is a friend of the Economic War Room® and an American Patriot.

Dr. Jim Garlow is the Founder and CEO of Well Versed, a ministry to Members of Congress, Ambassadors at the United Nations in New York City, and other elected officials, bringing Biblical principles of governance to government leaders. He served on President Trump's Faith Advisory team for four years and has met in small delegations with 10 presidents and prime ministers (and one king) from around the world.

Garlow is an author, communicator, commentator, historian, cultural observer and has served most of his adult life as a pastor. Garlow is heard daily on nearly 800 radio outlets nationwide in his one-minute commentary called "The Garlow Perspective," and has appeared on numerous national TV shows on NBC, ABC, CNN, Fox, MSNBC, CNBC and Comedy Central.

Garlow has done over 1,600 radio, TV and print interviews – national and local – covering a wide range of topics: historical, theological, political, religious liberty, marriage and family issues and cultural trends. He co-hosts the World Prayer Network every Wednesday and Sunday night, interviewing top newsmakers and government officials, followed by extensive prayer.

## 1. National Sovereignty and the WHO Threat

The WHO has been working on a treaty of sorts that poses a major threat to our national sovereignty.

In the event of a health crisis, the United States could lose its sovereignty over health-related decisions.

“It means that anytime there’s a pandemic, we effectively lose our national sovereignty of all 193 nations member nations.” –Dr. Jim Garlow

This can directly affect citizens’ freedoms regarding health choices, quarantine measures, and medical treatments.

Lockdown procedures in 2020 had catastrophic consequences for small businesses and unimaginable effects on childhood learning and development.

With WHO control, such lockdowns could last much longer and state governments would not have the power to resist the mandates.

The current leadership of the WHO is directly connected to the Chinese Communist Party which is well known for its human rights violations

**⚠ Attention: Review [Episode 291](#) for more information on the WHO threat.**

## 2. Global Authoritarianism

The treaty’s provisions could lead to an increase in authoritarian control by a foreign entity, risking individual freedoms and democratic processes within the United States.

Much like the EU forcing member nations to take on refugees, often against the will of the citizens, the WHO would have the power to mandate and enforce pandemic response measures regardless of public opinion.

“It’s totalitarian authoritarianism at its worst. Read the book of the Revelation. One world government.” –Dr. Jim Garlow

This impacts civil liberties, personal freedoms, and the broader democratic principles that the nation is built on.

However, the threat of control is only the beginning. The WHO is seeking to become the organization that defines a pandemic or health crisis.

By broadening the definition of a pandemic to include issues like climate change and gun violence, immigration, food security, gender dysphoria, hate speech, racism, wealth distribution and so much more, the WHO could potentially misuse this power to impinge on freedoms and implement widespread control measures unrelated to actual health emergencies.

“The pandemic is defined by them, and that means a climate change, which is a perma-crisis. Guns, right? An infodemic is if you have misinformation, disinformation, or malinformation...” –Dr. Jim Garlow

This level of power should not be granted to any one organization, let alone one of unelected bureaucrats with an agenda.

Taxation without representation is one thing. Marshall law without representation is another beast altogether. Such tyranny cannot be allowed to pass.

**⚠ Attention: The WHO could gain complete control over global pandemic and health crisis response granting unelected bureaucrats the power to shut down the global economy.**

### 3. Economic and Geopolitical Implications of WHO Takeover

The draconian measures governments around the world enforced during the COVID-19 pandemic crushed the economy and destroyed many small businesses.

Meanwhile, large corporations siphoned money out of the middle and lower class, elevating their revenues and strengthening their control of the markets.

“It is everything we saw in Covid... masked up six feet apart where there was no science behind it. Even Fauci’s admitted that. But all those draconian economic regulations could be given to a foreign entity.” –Kevin Freeman

Economic regulations such as lockdowns, mandated distancing, and restrictive travel would be imposed by an external body with little regard for local economic conditions.

This could result in economic downturns, job losses, and business closures, impacting individual livelihoods and the national economy.

“And the Biden administration, according to reports we heard, was telling people, if you come out against this, we’ll cut off all foreign aid from you, all military help.”  
–Dr. Jim Garlow

Smaller nations will be coerced into compliance through threats of withdrawn support.

While this might seem distant from everyday American life, it sets a precedent for international bullying that can affect global political stability, allies’ trust, and international relations.

Our nation already faces a damaged image on the global stage as neutral and ally nations begin to doubt our strength and consider alternative allegiances.

Furthering these disastrous foreign affairs by forcing nations to submit to such a dangerous treaty could lead to the loss of US interests globally.

**Attention: Granting the WHO these powers would undermine the sovereignty of many small nations that depend on the US for military protection. Coercing them could lead to major economic and geopolitical changes.**

- » Elect Politicians that understand the need to preserve American Liberty.
  - » Encourage and ask your elected officials to educate themselves.
  - » Ask them how they are working to strengthen our education system and reverse the push for Marxist indoctrination. These are big issues, if your representatives are not aware and working toward solutions directly or indirectly based on their committees, hold them accountable!
- 3. Watch out for programmable money. The Dollar is being attacked and the WEF is working toward The Great Reset. We want to see the dollar stay strong by acting on the items above.
